OUR HAVANA CORRESPONDENCE.

Arrival of Maximilian at Vera Cruz—The Royal Progress—Doblado's Movements, &c., &c.

HAVANA, Monday, June 6, 1864.

The steamer *Clyde* arrived yesterday from Vera Cruz, bringing dates from that port up to the 31st. The new monarch, MAXIMILIAN, had arrived on the afternoon of the 28th. Gen. ALMONTE had left early in the morning for Cordoba, but was immediately telegraphed. The Prefect and a deputation of the corporation also hurried by railroad to Loma Alta, distant 42 miles from Vera Cruz. Meantime all was prepared in Vera Cruz. At 2 P. M. the *Novara* entered the bay amidst a salvo of 100 cannon. Fort Ulloa, the ships, the wharf, were all crowded with banners. At 5 P. M. on Saturday, the deputation being assembled in the City Hall, the *Lugar Teniente* of the Empire, ALMONTE, entered amidst the salvos of the cannon, and, accompanied by other officials, proceeded on board the *Novara*. In the meantime a proclamation from the Emperor had been issued, beginning: "Mexicans! You have desired to have me," and expressing his intention to devote his whole strength and heart to their welfare. After a private conversation with ALMONTE, the Emperor received the principal functionaries, whose leader was the Prefect DOMINGO BUREAU. His Majesty stood at the end of the saloon on the second deck. He wore a black coat, white pantaloons and vest and black cravat, which was the dress the deputation were ordered to wear.

The deputation being introduced by the Minister, VELASQUEZ DE LEON, the Prefect addressed His Majesty, extolling as memorable the day he had arrived, and predicting a new era for the country. The Emperor read a brief reply in Spanish, in a clear vibrating tone. After this a conversation, free from etiquette, took place, and they were then presented to the Empress, who came leaning on the arm of MAXIMILIAN from the adjoining saloon. Being presented, as before, the Prefect made an address, to which the Empress answered in a few words, elegantly couched in Spanish. On the following morning, before 5 o'clock, the royal landing took place. There was a formal reception, delivering the keys of the city, &c. A train was waiting at the railroad near the Merceo gate, which they entered and were hurried away. At Soledad the royal party took breakfast. At Loma Alta the railroad ends, where carriages were waiting and, as the road is well guarded, patrols passing continually, there is no danger. Their Majesties entered Cordoba at a late hour on the 29th, one of the carriages having broken down.

Gen. DOUAI detached a light column to Nochistan, which was attacked, though defended by 300 infantry, 150 cavalry and four cannon. Two hundred of the Liberals were killed. MEJIA writes that DOBLADO, with troops assembled in the Saltillo, presented himself near Machucla, but Baron AYMARD coming up, DOBLADO lost all his artillery, stores and 800 prisoners. SANDOVAL has been defeated by the French Col. DE COURCY, at thirty leagues from Zacatecas.

ARTEAGA is in Atenajac, four and a half miles from Guadalajara.

In Monterey the misery is frightful. VIDAURRI is in Laredo in Texas. LARA.

FURTHER PARTICULARS.

The steamer *Mexico*, from Havana, 6th inst., brings the following:

HAVANA, Monday, June 6, 1864.

The British mail packet *Clyde* arrived yesterday, with news from the City of Mexico to the 26th ult., and Vera Cruz to the 1st inst.

MAXIMILIAN arrived on the morning of the 28th ult., at Vera Cruz in the *Novara*, having touched at Madeira and Martinique, at the latter place for coals, and where the new Emperor liberated and carried with him four of the prisoners condemned to hard labor by FOREY. He also liberated eight more, and paid their passages to Vera Cruz, and distributed 2,000 francs among the remainder, and promised to attend to their fate immediately on his arrival at the City of Mexico.

ALMONTE was at Cordova, and did not arrive till 5 o'clock in the afternoon, when he went on board the *Novara*, accompanied by the authorities of Vera Cruz. After several petty speeches, of no import, they returned. Before daylight on the 29th the Emperor and Empress landed amid a salute of 101 guns by the squadron, which was returned by the forts. The keys of the city were presented to them on their landing. They went immediately to the railroad depot and took the train to Loma Alta, a distance of forty-five miles, and the terminus of the road. Breakfasting at Soledad, there they took carriages, arrived at Cordova late at night, and on the 30th, at 3 P. M., entered Orizaba, which is the last we have heard of them.

Gen. DOUAI, on the 13th ult., is reported to have had a fight at Nochistlan. It began at 5 P. M., and lasted an hour. He reports to have captured 100 men, 150 horses and four pieces of artillery, and to have killed 200; that the force of the enemy consisted of 800. Gen. DOUAI's loss was four killed and twenty wounded.

Gen. MEJIA reports that he defeated Gen. DOBLADO on the 17th ult., at Matehualo, and took 1,117 prisoners and 17 pieces of artillery, 27 wagons, 200 mules, and a large quantity of arms and munitions of war.

A skirmish is reported at Valparaiso, Mexico, near Zacatecas, in which the French are reported to have killed 120, captured 300 men and 8 cannon, 500 small arms and 200 horses.

Gen. ARTEAGA is reported to be at Atemajac with a considerable force. This is only four and a half miles from Guadalajara.

Gen. VIDAURRI is at Laredo, in Texas.

There is nothing from Santo Domingo, and nothing of consequence has taken place here.

FROM NEW-ORLEANS.

Arrival of the Steamship Daniel Webster—The Blockade of the Mississippi.

By the arrival of the steamship *Daniel Webster*, we have a New-Orleans paper of the 6th.

The steamer *Creole*, from New-York, arrived there on the 5th.

The steamers *Brilliant* and *Mississippi* had arrived from the Ohio River, having run the rebel batteries at Columbia, Miss.

The gunboats *Louisville* and *Exchange* were somewhat injured by the fire of the rebel batteries, and the Captain of the latter seriously, though not mortally, wounded.]

Gen. CANBY has sent a heavy force of infantry and cavalry to drive the rebels away.

The New-Orleans markets were dull and unchanged on the 5th. Cotton, 75c.@92c. No sales of sugar or molasses. Gold, 190@191.

Arrived at New-Orleans, 5th, bark *Margaret*, (Br.,) Newcastle, Eng.; brig *Ellen P. Stewart*, Philadelphia.

IMPORTANT FROM TENNESSEE.

Defeat of Gen. Sturgis' Expedition—His Wagon Train, Artillery and Ammunition Captured—A Large Rebel Force on the Way to Sherman's Rear.

MEMPHIS, Monday, June 13, via CAIRO, Tuesday, June 14.

The expedition of Gen. STURGIS, which left Memphis, June, 1, is coming in.

We learn from an officer that they met a large force of rebels at Guntown, said to consist of 10,000 infantry and cavalry under command of Gens. FORREST, LEE and RODDY. This large force attacked them suddenly and a most desperate fight ensued, resulting in the death of STURGIS with the loss of his wagon train and ammunition. The last was a most severe loss, as STURGIS had run out of ammunition, and was obliged to destroy and abandon his artillery. Many of his infantry were captured, but the exact number is not known.

Gen. STURGIS' force consisted of 3,000 cavalry and 5,000 infantry. The large rebel force which attacked him is supposed to have been en route to SHERMAN's rear to interfere with his communications.

[The above report reads as though sent by the rebels themselves. If Gen. STURGIS was as badly defeated as here stated, the rebel force must have been much larger than is represented, or shocking bad management on the part of Gen. STURGIS.—ED. TIMES.]

The Philadelphia Sanitary Fair.

A VISIT EXPECTED FROM PRESIDENT LINCOLN.

PHILADELPHIA, Tuesday, June 14.

The representatives of the tobacco trade from New-York and Baltimore are expected to arrive here on Thursday morning, to be entertained by the members of the trade in this city. They will visit the Sanitary Fair in the afternoon, and dine there. A grand banquet will be given them at the Continental Hotel on Friday evening.

The grand regatta of the Philadelphia Yacht Club takes place to-morrow. It is expected that several New-York yachts will participate, by invitation of Commodore HYATT.

The committee appointed to invite President LINCOLN to visit the fair have received a telegraphic answer that "the President expects to be able to visit the fair on Thursday."

The receipts at the great sanitary fair now amount to nearly $1,000,000, the cash receipts in the building being over $490,000. The average daily attendance of visitors is over 30,000.

At 10 P. M. to-night the vote on the Union Silver Vase stood: Union League, 240; A. Lincoln, 144; John Welsh, 54; Admiral Farragut, 43; Gen. Meade, 30; Gen. Hancock, 29; H. W. Bellows, 14; S. P. Chase, 12; Gen. Grant, 11; Bishop Wood, 11; Bishop Simpson, 10; Gen. Sherman, 6; Gen. McClellan, 6; John Bright, 6; Gov. Curtin, 26; Union Volunteer Relief Saloon, 3; Bishop Potter, 5; Commodore Dupont, 2; E. M. Stanton, 2.

The vote on the $2,400 Sword at 10 o'clock stood: Hancock, 1,172; Meade, 1,329; McClellan, 135; Grant, 94; scattering, 58. Total, 2,788.

The President and the Sanitary Fair.

PHILADELPHIA, Tuesday, June 14.

President LINCOLN will reach the city on Wednesday evening at 9 o'clock by a special train from Washington. He will be escorted to the Continental Hotel by the First City Troop of Cavalry and various civic associations. On Thursday morning he will visit the Sanitary Fair, and after the ceremonies there will receive his friends and the public generally in a chamber set apart for the purpose. He proposes to return to the Capital on Thursday evening. Meetings are being held in various parts of the city this evening for the purpose of assisting in giving a welcome to the Chief Magistrate of the nation.

Turf Record.

TROTTING AT THE UNION COURSE, L. I.

A most exciting trot, resulting in no less than five heats, came off at the Union Course, Long Island, on Tuesday, for the sweepstakes of $100, mile heats, best three in five, for which *Sally Come Up*, *Lady Blake*, *Jimmy Lynch*, (all to wagon,) and *Patrick Henry*, (in harness,) were entered, all of whom started but the last-named. The ease with which *Sally* had won every trot for which she had started naturally induced the belief that she would take the lead as favorite for this contest, but in the pools sold the previous evening, and during the morning at HIRAM WOODRUFF's famous place of "good entertainment for man and beast," *Jimmy Lynch* came with a rush, the *cognoscenti*, judging by the eagerness with which they backed him, evidently regarding his victory as a forgone conclusion. In pools of $100, he fetched respectively $70 and $75, *Sally* bringing only $27, $30, $33, and sometimes but $20, whilst *Lady Blake* was knocked down at all sorts of prices from $10 to $23. Prior to quitting for the track, 6 to 4 may be quoted as a fair average on *Lynch* against the field. Just prior to the start, we may quote him at 10 to 7. There was much excitement among the trotting fraternity concerning the result as the heats progressed, and a large amount of money changed hands.

THE GREAT TROT TO-DAY.

The great trot to-day, between the renowned *Robert S. Fillingham*, *John Morgan* and *General Butler*, is the all absorbing topic in sporting circles. Thousands of dollars are depending on the result. All three horses are in the finest possible condition; all three will start, and the most exciting contest of modern trotting times is anticipated.

Sheridan's Raid—A Movement upon Charlottesville and Lynchburgh.

Special Dispatch to the New-York Times.

WASHINGTON, Tuesday, June 14.

A scout who arrived here to-night from the front says that SHERIDAN's cavalry force, which started out on Thursday last on an extended raid, had not been heard from when he left; but it was the impression in the army that he had reached Charlottesville, on his way to Lynchburgh. The rebel cavalry are not in a condition to seriously impede his successful progress, and he will probably reach the latter point with little or no fighting on the way. From Lynchburgh his movements will remain a mystery, for the present at least.

From Fortress Monroe.

FORTRESS MONROE, Monday, June 13.

The steamer *John A. Warner*, from Bermuda Hundred, reports no news from that immediate vicinity, but heavy firing was heard yesterday morning in the direction of Richmond.

Last Saturday's Richmond *Examiner* reports the following Federal arrivals at the Libby prison:

THE ATTACK UPON PETERSBURGH.

Operations of the Cavalry Column.

Correspondence of the Philadelphia Inquirer.

IN THE FIELD, Saturday, June 11.

The Second Cavalry Brigade, Gen. KAUTZ's division, Col. S. P. SPEAR, commanding, crossed the Appomattox River on pontoon bridges, during the night of the 8th instant. The whole division (excepting a part of the First brigade, Col. MIX,) was across by 4:30 on the morning of the 9th, and at once took up the line of march in the direction of Petersburgh.

A GALLANT CHARGE.

About six o'clock our advance met and charged the enemy's pickets, capturing four of them, two of whom were mortally wounded, and have since died. Capt. REYNOLDS, with one squadron of the Eleventh Pennsylvania Cavalry, was ordered to charge about one hundred of their cavalry, with drawn sabres, which he did in gallant style. The rebels could not see the necessity of remaining in front of the Captain's brave boys to become martyrs to cold steel, consequently they changed base to the rear in double quick, and made the woods their next base of operations. After having driven the rebels into the woods, the head of the column was turned to the left, and proceeded on the road leading to the Petersburgh Plank Road.

BRISK SKIRMISHING.

When within three miles of the plank-road the advance was again fired on by the enemy; the Eleventh Pennsylvania Cavalry was at once dismounted and skirmished the woods to the front, while the Fifth Pennsylvania skirmished to the right and left. They had not gone more than fifty yards when the enemy opened on the Fifth skirmishers with two howitzers, from a redoubt. The Fifth immediately charged their works, driving a regiment of cavalry, under Col. DENIN, of Virginia, and the cannon from their camp and works, leaving in their precipitate flight all their horse equipments and a large lot of new clothing and arms. We had no means of removing our captured property, and they were consequently committed to the flames, and so perished Col. DENIN's camp, with all surplus baggage he may have had on hand, under the very noses of his boasted chivalry.

COWARDICE OF GEN. WISE.

Gen. WISE was in command of a line of ramparts in the rear of those we had just captured, and the retreating rebs. took refuge in them. WISE, being in command, accounts for their not coming out of their works to fight us, for he always prefers having his miserable carcase behind forts or in a bed, as he did at Roanoke, to having it where there is the slightest chance to be the recipient of a shot. He may be perfectly right, for I have no doubt but it is rather more healthy behind forts than in the open field.

CHARGE ALONG THE WHOLE LINE.

After having succeeded in driving them into their works, we marched on in the direction of the plank-road, crossed the Norfolk and Petersburgh Railroad at 10 o'clock, and reached the plank-road at 11; marched up the road to within one mile of Petersburgh, when the advance came upon the enemy's works. A squadron of the Eleventh Pennsylvania Cavalry was at once ordered to charge the works with drawn sabres, which was done in good order. They charged to within twenty yards of the works, when the enemy opened upon them a most deadly and destructive fire of musketry, compelling the squadron to fall back on the main column, the enemy at the same time firing into the column as it stood massed in the road.

The First District of Columbia Cavalry, (a detachment of the First Cavalry Brigade accompanying the division,) with Capts. LOOMIS' and BAILEY's squadrons of the Eleventh Pennsylvania Cavalry, were gotten into position to charge and take the right of the works. A section of the Eighth New-York Independent Battery, Lieut. PETER MERTON commanding, with the remainder of the Eleventh Regiment, were put in position in the centre, while the Fifth Pennsylvania took position on the left, and in front of a very large redoubt. The charge was ordered simultaneously on the right, left and centre. Lieut. MERTON keeping the enemy's guns engaged while the cavalry charged the works. The Fifth moved down on the left, gallantly led by Maj. C. KLEINE, commanding the regiment, as steadily as though they were on dress parade, to within about one hundred yards of the redoubt, when they struck up that demoniac yell of theirs which the rebels have every reason to so well remember, and went at full speed on to the works. The enemy held their position nobly and would not give way until our men had climbed up the embankments, and fired down into them; such work they evidently did not expect from cavalry; and when they found our men had actually gotten in their works they skedaddled in splendid confusion, leaving everything behind them; while the Fifth was thus engaged the First District of Columbia and Eleventh Pennsylvania were doing their work well on the right and centre; they, at the same time the Fifth charged, charged and carried the works in front of them.

THE SPOILS.

The enemy left one 12-pounder brass gun caisson, (chests full of ammunition,) horses, harness and everything connected with a battery of artillery, in the hands of the Fifth Pennsylvania Cavalry; they also left all their dead and wounded, numbering about one hundred and fifty, prisoners in our hands. We destroyed their tents and all camp and garrison equipage, with the exception of a few tents left for shelter for some wounded rebels.

THE ADVANCE TOWARD THE CITY.

After having accomplished our work effectually at the works just alluded to, the column was pushed on toward the city, (it then being in full sight), Col. SPEAR, or old "Spuds," as he is familiarly called in the brigade, and his staff riding in advance of the column some distance, we arrived within less than one hundred yards of the city, when the enemy's sharpshooters opened upon the Colonel and Staff, and at the same time firing upon the main column from a battery on the right flank. "Spuds," however, with his usual daring, charged directly on at full speed, until he found it utterly impossible to get into town with the force he had up with him without a fearful sacrifice of line, consequently he wheeled the advance to the left about by fours, and marched back about fifty yards under cover of an embankment, and then waited orders from the General commanding division. The orders, when received, were to retire slowly, as it was very evident the enemy had been heavily reinforced from BEAUREGARD's forces out of town. The trains could be distinctly heard coming into the city, and they were undoubtedly loaded with troops. The enemy followed up the rear of the column as we were marching away, with infantry, cavalry and artillery, for over ten miles, keeping up a constant fire upon us. Col. SPEAR and Staff, with Capt. BAILEY, of the Eleventh, remained in the rear until all danger was passed, when they went to the front and brought the column into camp about 12 o'clock the same night, without further molestation.

THE CASUALTIES.

The cavalry of this department have been doing splendid service since the opening of the campaign, and are constantly on the move.

Our loss is very slight, not exceeding fifty, killed, wounded and missing. Among the latter, I regret to state, is Capt. GEO. D. HART, of Company K, of the Fifth, a brave and efficient officer.

Great credit is due to Gen. A. V. KAUTZ, Col. S. P. SPEAR, and their subordinate officers, for their gallant attack upon the strongly fortified City of Petersburgh.

FROM RICHMOND.

The Rebel Press on Grant's Tactics—The Hero of Vicksburgh as Seen Through Rebel Eyes—From Johnston's Army.

THE WAR NEWS.

From the Richmond Dispatch, June 9.

The storm of battle which raged so furiously last week in the immediate vicinity of Richmond has been succeeded by a comparative calm, and matters are now almost as quiet as when the contending armies were seventy miles away. GRANT has evidently become tired of "butting" against the rebel fortifications, and what he failed to effect by brute force he now essays to accomplish by strategy. Consequently we find him stealthily moving away from our front, and sliding down the south side of the Chickahominy, endeavoring, if possible, to reach the James, with a view of coöperating with BUTLER, who is still pent up between that river and the Appomattox. The uncommon stillness that pervaded along the lines yesterday has given rise to the belief that the Yankees were engaged in burying their dead—a privilege which they asked of Gen. LEE under a flag of truce.

Notwithstanding the generally received opinion to the contrary, it may be that GRANT will again offer battle on the memorable scene of Cold Harbor. He measured strength with the Confederates there last week, and failed, it is true; but as it amounted to only a check, with a heavy loss of his numbers, he had the hardihood to telegraph the Yankee Secretary of War of continued successes, with the object of securing the renomination of LINCOLN at the Baltimore Convention, held yesterday. He doubtless feared to risk another fight until that purpose was consummated, for a decisive victory for the Confederates would have destroyed LINCOLN's prospects completely. The Convention over, and the renomination effected, it is not impossible that active hostilities may be immediately resumed.

Skirmishing continues at intervals on the lines. Some of our boys say that one of these skirmishes would have been called a "battle" twelve months ago.

FROM BOTTOM'S BRIDGE.

Some firing is reported to have occurred at Bottom's Bridge yesterday, but without any important result. The situation at that point remains unchanged. There is probably no truth in the rumor of the capture of a portion of HENLEY's battalion.

FROM THE SOUTHSIDE.

There is no news of a renewal of active operations in Chesterfield county. On Tuesday a brisk little skirmish occurred on the south side of the Appomattox, between a portion of our forces and a party of mottled Yankee cavalry, (white and black,) who attempted to drive in our pickets, but were themselves repulsed, with the loss of a few wounded, which they succeeded in carrying off. No injury was done to our men. The Yankee force numbered about 150. On the same day a party of Yankees advanced from Temple's up as far as Green's farm, and after committing some depredations upon private property, retired.

The enemy are erecting a "look-out" below Fort Clifton, having already elevated it some distance above the tops of the trees. The object is to command a clear view of the surrounding country.

FROM THE VALLEY.

All sorts of rumors prevailed yesterday with regard to the situation of affairs at Staunton. It was stated that a dispatch had been received asserting that the enemy had burnt all the Government storehouses, depots and public buildings in the place; but we could trace this report to no reliable source.

On the other hand it was confidently stated that the Yankees had not yet occupied Staunton. We have every reason to believe that this is an error.

We heard, last night, in a perfectly reliable quarter, that the enemy had left Staunton and gone in the direction of Lexington. In this connection it may be stated that a letter from a lady in Lexington, dated the 3d inst., mentions a report that AVERILL, at the head of a large cavalry force, was within three miles of the place. There was probably no foundation for this statement, though CROOKS, who was reported advancing by the Warm Springs road, was at Millborough, in Bath County, on Monday last.

Lexington is in Rockbridge County, 146 miles West of Richmond, on an elevated bank of the West side of North River, and is the seat of Washington College and the Virginia Military Institute.

FROM GEN. JOHNSTON'S ARMY.

From the Atlanta Intelligencer, June 5.

The most authentic reports from this army incline us to the belief that SHERMAN is still marching and massing for position, hoping by heavy movements to overwhelm us from our stronghold, and permit him to secure undisputed control of the State Railroad to Allatoona. By securing this he succeeds in establishing a point for not only offensive and defensive measures, but also a position from which he can successfully retreat, if occasion requires.

He is well aware that he cannot maintain a long, uninterrupted line of supply to his army, but he is also aware that these occasional interruptions are only momentary, and that by pursuing the usual indomitable course that has always signalized his movements, he hopes to accumulate a strong depository for his army, so that it will make no difference to him how much his rear is disturbed afterward. We find, too, on reference to an accurate summary of THOMAS' advance, written by the correspondent of the Cincinnati *Commercial*, May 11, that every arrangement was effected to live off our country as they came. The writer says: "A large amount of salt was ordered into the commissary wagons, and you know what that signifies. It means that we will subsist off the country on our march to Atlanta. We know there are large amounts of subsistence and forage along the entire route."

We have not the slightest doubt but that the enemy were well informed concerning the amounts and quality of supplies, and where they could find it along the route from Dalton, south. That they have subsisted on the country thus far to a great extent, does not admit of a doubt; but it cannot remain thus much longer. SHERMAN is now forced to assume a stronghold where he can securely arrange for further movements. His first effort will be to secure reinforcements. These are doubtless on their way, and will bring securely with them a large amount of supplies, protecting their transit on the railroad as they come. We mention these ideas to stimulate our people to a greater sense of their danger than they have hitherto exhibited. *Those who reside between the present situation of the enemy and the defences of this city should have their arrangements effected by which to secure a rapid retreat if it should occur that our army retires before the advance of the enemy.*

They should so completely clear the country of all subsistence when they leave their homes that not even a living skeleton of any sort of animal, nor a grain of cereal, should be left to fall into the hands of the foe. For it is a fixed fact that if the cerulean abdomens besiege our city, no family, no people can live securely anywhere near them. *They have always hitherto searched so thoroughly—and by the help of the servants we have ever treated best—always found every particle of subsistence and other articles that had been hidden.*

Our army, that now stands like a living wall of destruction between this city and the enemy, will do as they have always done, fight with the the herculean blows of giants, and a fearful tale their prowess tells on the foe; *but it may occur that Gen. Johnston may find it a wise proceeding to retire even into the very walls of the city.* If he does so, it must be obvious that a great necessity governs him, and that he is the best and only judge of the military strategy and battling needed for our defence or victory. In his hands are placed the trust, we confidently believe, better and more carefully deposited than it could be in the hands of any other man amongst us, and whatever he will do we shall look on and defend as right. But the spirit of the people must be aroused. Let there be no flagging, and if the call for defence comes home to us, let us be ready for the fray. "To do or die," in obedience to the mandates of our General, who does all for the best, must be our battle-cry.

A bulletin, dated Atlanta, June 4th, says:

Since yesterday afternoon a constant, penetrating rain has been falling, and with little indications at this writing of a cessation. The rains, no doubt, will materially interfere with military operations in front for a day or two. We hear of no firing in the direction of Marietta this morning, and no additional reports have reached us from the field.

GRANT'S TACTICS.

From the Richmond Dispatch, June 9.

We think it may be safely asserted that, since war first became known to mankind, no General ever sacrificed his men so recklessly, so remorselessly, and to so little purpose, as Gen. GRANT. He started from his camp on the north side of the Rappahannock, little more than a month ago, with 130,000 men. He has been reinforced, according to the statements of his friends, by more than 80,000 since that time, viz.: STANTON says he sent him 25,000 veterans after the battle of the 12th of May; BUTLER has sent him 20,000, and prisoners say he has received 40,000 from Ohio and other sources, making a total of 85,000. Yet his army, at this day, in the opinion of those best qualified to judge, does not greatly exceed 100,000 men, and is, certainly, greatly inferior in numbers to what it was when he started on his crusade. He lost 75,000 in Spottsylvania, and his losses in Hanover cannot have fallen very far short of 25,000. Thus he has sacrificed 100,000 men, the flower not only of his own troops, but of the whole United States army. In return, he has effected nothing, absolutely nothing. LEE's entire loss since the campaign opened does not amount to 17,000, all told, killed, wounded and missing. He has never once been forced from a position, and has only fallen back when his enemy, despairing of victory, has attempted to slide off to his left, and get in rear, without further fighting. GRANT in the meantime has been brought up before McCLELLAN's old lines beyond the Chickahominy, and is not able to take a single step in advance. He has thrown away 100,000 men to obtain what he could have had for nothing.

The Confederacy has great cause to congratulate itself upon the choice LINCOLN has made of a Lieutenant-General. They desire to see this war brought to an end, and GRANT is the very man to do it. Had the distance between Richmond and Spottsylvania been 100 miles greater, we are disposed to think he would have reached the end of his journey with not more than 100 men.

If GRANT is whipped on land, however, he is always victorious on paper. We have sometimes wondered why he takes the trouble to *fight* at all. He can demolish armies with a stroke of his pen, and capture cities by a flash of the telegraph. Why not confine his exertions entirely to the composition of telegraphic dispatches? He succeeds far better at that than he does at fighting. LEE whipped him in at least ten battles, in Spottsylvania and Hanover; yet he continually flogs LEE on the wires. He inflicts very little loss on LEE with his army, but he slaughters his men by the thousand with the telegraph. Where, then, is the use of fighting with any other weapon than the wires? If he can gain so many victories with that instrument, why cannot he take Richmond with it? If a telegraphic victory satisfy LINCOLN and the rest of Yankeedom, we do not see why it should not satisfy GRANT, since the applause of those interesting people is all that he aspires to. Let GRANT sit down and telegraph a big victory every day for a week, and then the capture of Richmond. He will be a greater demigod with the Yankees than he ever was. Great advantage will be found in the fact that he will be without a competitor. Gen. LEE can beat GRANT in the field, but he is no match for him in telegraphing. GRANT may lie as much as he pleases. Gen. LEE will not contradict him. He will only *flog* him the next time he catches him, and set him to inventing more lies.

CAPTURE OF TWO YANKEE GUNBOATS.

From the Houston Telegraph.

From information received from our scouts on the 31st inst., Col. GRIFFIN decided to call on the Yanks, and ascertain by whose invitation they were occupying a portion of the country under his command, and accordingly issued orders for detachments of the Twenty-first Texas Infantry, SPAIGHT's battalion, DALY's battalion, and CREUZBAUR's battery of light artillery, to cross over Sabine Pass and march to this place, the movement to commence at daylight yesterday morning, and the attack to be made at daylight this morning.

In accordance with his order, the troops above mentioned commenced the movement as indicated; but, from the delay necessary in building a bridge across Mud Pass, did not get into position until later than intended; but the enemy, resting quiet in their fancied security, our batteries were planted and infantry in position without their knowledge, and at 4:30 o'clock this morning a shot from CREUZBAUR's battery struck the gunboat *Granite City*, warning the Federals that something unusual was taking place. The enemy soon got to work, and by the time our batteries had fired some three or four shots they commenced sending shot and shell at our little army from the gunboats *Granite City* and *Wave*. Our sharpshooters charged up the bank of the river opposite to the boats, and whenever an arm or any portion of a Yankee became exposed, a shower of Enfield balls would immediately compel him to draw back.

In fact, so warm did our sharpshooters make it, that the Yankees finally ceased firing, and after a sharp engagement of one hour and twenty-five minutes, the *Granite City* fired a lee gun, in token of surrender, and almost immediately after a white bunting was seen on the flagstaff of the *Wave*. Thus ended one of the many brilliant engagements of the war, resulting in the capture of the gunboats above mentioned.

TRIAL OF MRS PATTERSON ALLEN.

From the Richmond Dispatch, June 9.

The trial of Mrs. ALLAN, indicted for treasonable correspondence with the enemy, which was set for this month before Judge HALYBURTON, of the Confederate States District Court, has been postponed till the 10th day of July. Mrs. ALLAN was present in court, yesterday, and entered into bonds in the sum of $100,000, with her husband as surety, for her appearance at the time set for trial.

FATAL ACCIDENT—THE YOUNGEST SON OF HON. HIRAM BARNEY RUN OVER AND INSTANTLY KILLED.—A distressing accident occurred yesterday in Madison-avenue, resulting in the death of the youngest son of HIRAM BARNEY, Collector of this port, a youth of exceeding brightness and promise, between nine and ten years of age. He had been for some time a pupil in the school of Professor EMIL CHARLIER and just previous to the accident which caused his death, had been playing in Madison-square, in company with the other scholars, under the care of one of the teachers, during the usual noon recess of the school. On leaving the Square the boys were formed in line and crossed the avenue on their way to the school in Twenty-fourth-street. Two or three of the boys lingered behind to take a drink from the hydrant near the park gate, and among them was little CHARLES BARNEY. Just as they started to cross the avenue, an omnibus passed down, and little BARNEY in attempting to run in front of the horses, was in some way knocked down, and before the driver could come to a stop, the front wheel had gone over his body, inflicting injuries which proved fatal. He survived about twenty minutes. The facts as disclosed at the inquest held in the evening, showed that the driver of the omnibus was not in fault, as he was proceeding at the usual rate of speed, and pulled up as soon as possible. The boy was a great favorite in the school, and his sad and sudden death causes great affliction among his schoolmates and teachers.

FESTIVAL AT THE CITY ASSEMBLY ROOMS.—To-day is the last day of the festival being held at the City Assembly Rooms, No. 446 Broadway, in aid of the White refugees from the South. The object is so very worthy that it ought to be unnecessary to appeal to our citizens to aid it, especially as such a good opportunity is now offered for every one to do a little. The National Freedman's Relief Association have been induced to make this attempt to do something for these refugees, in response to the earnest appeals of their teachers, who depict the utter destitution and wretchedness of these people as almost too fearful to be believed. Donations of money and edibles, such as cream, strawberries, &c., will be thankfully received at the hall this day and evening.

THE SPORTSMEN'S CONVENTION.—This body met at the Centreville Course, Long Island, yesterday, to compete for the prizes awarded for pistol and rifle shooting. As the only parties present mainly belonged to the New-York Sportsmen's Club, little interest was manifested. The prize for rifle shooting was won by Mr. JAMES MEYER, Jr., of New-York, his competitors being Mr. CHARLES BRADFORD, of Detroit, Mr. ROYAL PHELPS, of New-York, and Mr. C. E. WHICKEND, of New-York. The distance was 100 yards, off-hand, open sights, rifle, and ammunition unrestricted. To-day the casting of the fly, and base line, and single trap shooting comes off—the former at Penny Bridge, Gowanus Bay, and the latter at the Centreville Course.

SOUTH AND CENTRAL AMERICA.

Feeling Regarding the Spanish Outrage—Activity of the Government—Colombia to Make Common Cause With Peru.

Panama, Sunday, June 5, 1864.

The regular British Mail steamship from Valparaiso and intermediate ports arrived at Panama yesterday. She brings dates from Valparaiso and Santiago de Chile to May 16, and from Callao and Lima to May 27. The news is only interesting as showing the immense enthusiasm and unity that exists among the people of all the South American States in regard to the late outrageous conduct of Spain toward Peru in the seizure of the Chincha Islands.

In Peru the Government was acting with the greatest energy. Troops are being raised and drilled all over the country. Agents have been sent everywhere, even to California, to procure *materiel* of war. A steamer is being clad with iron in the port of Callao, and the people are coming forward with subscriptions to the war loan. Defensive works are in the course of construction in Callao and other ports.

A day or two before the steamer left Callao tumultuous assemblages in the streets of Lima manifested their disapprobation of what they supposed to be the supineness of the President, and calling upon Gen. Castilla to take possession of the Government. These assemblages were dispersed, and Gen. Castilla, in a note to the *Mercurio*, denies all complicity with them, as he considers the Government is acting with all due diligence and energy.

The ordinary yearly session of Congress has been convoked at Lima for the 28th of July.

The reports of assassination of Spaniards in Bolivia were not true. Bolivia makes common cause with Peru, and will take up arms in her favor, and furnish her proportion of means, if active war results from the Spanish invasion.

The Minister of the United States of Colombia to the South American States, Don Justo Arosemena, had arrived in Lima from Valparaiso. He did not content himself with giving in a simple adhesion to the deplomatic protest headed by Mr. Robinson, United States Minister, but pledges himself that this Republic will make common cause with Peru; "as much" says the plenipotentiary, "from the dangers that every European aggression involves for America, as for the particular circumstance that Colombia is in the same situation as Peru—her independence not having been recognized by Spain—and to her with equal force may be applied the declaration and argument of the Spanish agents.

"Consequently the undersigned has deemed it his duty not to limit himself to adhere to the declaration of his honorable colleagues, and he firmly believes that his Government and the noble Columbian people will consider the cause of Peru as their own in the actual and any other emergency. He is convinced that he represents the opinion of the Columbian Government and people, when he declares that the alarm-rung by Spain at Chincha will not sound in vain for Columbia, and that it will raise through her mountains and valleys in battle array her young and old, rich and poor without distinction of class or party.

CHILI IS PREPARING FOR WAR WITH SPAIN.

Señor Tocornal, Secretary of State, addressed the Peruvian Government a note, expressing the sympathy of Chili, and her earnest hope that the unhappy affair of the Chinchas might be pacifically arranged, but that, if that pacific solution should be found impossible, Chili would consider as her own the wrong inflicted on her sister Republic. This note failed to content public opinion, vehemently excited during the past fortnight, and produced a universal discontent, loudly echoed by the press. The people expected more energy from Señor Tocornal. In consequence, this minister resigned his portfolio, and was followed by Señor Santamaria, Minister of Finance. In a few days the Gabinet was again complete, Don Alvaro Covarrubias replacing Tocornal, and Don Alejandro Reyes accepting the care of the Finances. The two new ministers have been well received. If they prove themselves equal to the urgencies of the present circumstances, they will secure them the public approbation. Both are distinguished lawyers of liberal principles, whose talents and patriotism inspire the greatest hopes.

The Minister of War and Marine has issued various decrees for augmenting the navy, for fortifying the ports of Valparaiso, Lota, Colcura, Valdivia, Chiloé and several others, for armor-plating the frigate *Chili*, destined for the defence of Valparaiso Bay, and many similar measures, which have been received with universal applause.

Public subscriptions have been set on foot for the purpose of purchasing ships-of-war, and the youth of Valparaiso and Santiago have memorialized Government for permission to arm and form themselves into volunteer corps.

The Government, authorized by the last Congress to expend on the increase of the navy the sum of $500,000, has already forwarded its instructions to agents in London for the acquisition of a vessel-of-war.

PANAMA.

Quiet at Bogota—Election for Governor—Destructive Fire at Aspinwall—Miscellaneous.

From Our Own Correspondent.

Panama, Sunday, June 5, 1864.

We have no news of special importance. Dates from Bogota, the capital, are to the 16th ult. In Bogota there were many manifestations of good feeling toward Gen. and Ex-President Mosquera, on account of his escape from the balls of the assassins Morales and Tovar, the particulars of which I gave you in my last.

Señor Salgar declined the place of Minister of Hacienda, tendered him by President Murillo, and has been appointed Minister to Washington. Señor Antonio del Real is appointed Minister of Hacienda. Gen. Tomas C. Mosquera, late President, is appointed Minister to England.

Congress has adjourned, and the Senators and Representatives from this isthmus were on their way home, having in charge the remains of Gen. Herrera, killed in the siege of Bogota during the Melo military revolt of 1854. Gen. Herrera was a native of this city, where his family still resides.

In Panama, the election for Governor of the State takes place to-day. The present Governor and Vice-Governor, Santacoloma and Goitia, are the candidates. The former will probably be elected.

The people continue to manifest their displeasure at the conduct of Spain, in Peru, by burning her agents, Admiral Pinson and Señor Salazar, in effigy.

An attempt to annoy again the French Consul by a *charivari*, was not successful, the authorities having intervened.

The steamship *Northern Light*, with California passengers and 194 negroes for the United States flag steam-sloop *Lancaster*, arrived at Aspinwall early on the morning of the 2d. The negroes were carried over the road to Panama, and are temporarily placed under canvas tents on the Island of Flamenco, in this bay, the *Lancaster* being at Callao. The officers who had had charge of them from New-York, as well as the officers of the *Northern Light*, all concur in praising the good conduct of these men on shipboard. Not a single disturbance of any kind occurred among them. They busied themselves in innocent amusements, such as dancing and singing on the forward deck, and were ever ready in assisting in the navigation of the ship, in cleaning decks, etc., etc. Only one escaped, or attempted to escape, between Baltimore and Panama, and this was at Philadelphia. No doubt the experiment of negro sailors on our war ships on the Pacific will work well. And as the Atlantic and Pacific coasts hereabouts abound with negroes, recruiting will be easy in case the crew gets short.

The opposition steamship *Illinois*, with 766 passengers, arrived at Aspinwall on the evening of the 2d.

The United States steam sloop *Lancaster* and the sloop-of-war *St. Mary's* are at Callao. The sloop *Cyane* is at Aspinwall.

A destructive fire broke out in Aspinwall at about 7 o'clock P. M. of the 30th May. An Italian woman in drawing alcohol from a cask ignited the liquid, bursting the cask and setting fire to the premises. The flames were not arrested until about one-half of C-street was burned over, including the City Hotel, owned by Mr. Aspinwall, of New-York. The greatest loser was Mr. T. R. Cowan, who had his houses destroyed, with goods, the whole worth over $20,000. The whole loss is placed at $75,000.

In Valparaiso, the authorities have forbidden the exportation of provisions, coals, &c., for the Spanish fleet in Peru. The Government also embargoed a vessel with a large quantity of powder on board, supposed to be for Admiral Pinzon's fleet.

The students of the University of the City of Santiago had sent as a present several hundred kegs of powder to the Government.

P. S.—The Pacific Railroad Company's steamer *Salvador* arrived at Panama, from Central American ports, this morning. Her dates from Guatemala are to the 24th, Salvador to the 27th, Nicaragua to 31st of May, and Costa Rica to 2d of June. There is no news worth mentioning. She brought:

For Liverpool—640 ceroons cochineal, 654 bags sugar, 406 bags coffee, 331 bales clothing, 4 bales deerskins.

For Southampton—201 bags coffee, 12 cases plants, 1 seroon cocoa, 4 packages silver, 8 packages silver ore, 8 packages specie.

For New-York—1,120 bags coffee, 2,223 hides, 32 bales cotton, 22 bales deerskins, 10 ceroons cochineal, 2 bales sarsaparilla, 1 box samples.

For Aspinwall—388 hides, 18 bales cotton.

GEN. SHERMAN'S ARMY.

Details of Recent Movements.

Correspondence of the Cincinnati Gazette.

On Pumpkin Vine Creek, Sunday, June 5, 1864.

On the 1st of June, Davis, who had been with McPherson since the "fall of Rome," came over and took position between Wood's and Stanley's divisions of the Fourth Corps, (Howard's,) and two divisions of Baird's (Vanderveer's and Este's) placed themselves upon the left of Johnson. The arrival of Davis and Baird (Fourteenth Corps) relieved the Twenty-third Corps, (Schofield's,) which shifted to the extreme left, while the Twentieth Corps, (Hooker's,) relieved from its position on the left of Howard by the arrival of McPherson, was posted between Schofield and Palmer. Thus the whole army has shifted toward the left, (eastward,) abandoning the position around Dallas altogether.

On the 2d inst., our cavalry took possession of Allatoona, and again we found ourselves upon the line of the railroad. Some terrible artillery duels occurred this day, in one of which the batteries of Gen. Stanley's division, under the direction of the distinguished artillerist, Capt. Simmons, (formerly of the Fifth Indiana Battery, now Stanley's Chief of Artillery,) effectually established their superiority over the rebel guns opposed to them.

On the 3d, Gen. Howard moved out portions of Newton's and Stanley's divisions, and marched them away from the trenches, with knapsacks strapped, drums beating and colors flying. A strong line of men lay closely along our works, in hopes the rebels might be deceived by the pretended retreat, and offer to pursue. But the enemy was too wary, and only a few of his skirmishers ventured near our lines. About the same time, a strong demonstration was made by Gen. Hooker, and our lines in front were materially advanced. No conflict, however, was produced.

Major Norton, Inspector on Gen. Palmer's Staff, was killed by a rebel sharpshooter, while near our skirmish line. The General was with him at the time, and very narrowly escaped.

Yesterday our lines were again shifted toward the east. We now occupy a line whose right rests upon Pumpkin Vine Creek, at the foot of the Allatoona Mountains; thence it stretches almost due east, through a little place called Golgotha, until it reaches the railroad upon the extreme left. It is fully eight miles long; and, beginning upon the left, is arranged, generally, thus; Schofield, Hooker, Palmer, Howard, Logan, Dodge.

Parallel to our line extend the rebel works, reaching also to the railroad, they having gradually moved eastward, as we did. Lost Mountain is a point in their line; but they are now pretty effectually out of the range called Allatoona, if Lost Mountain and dependencies may not be considered portions of said range.

Our losses since leaving Kingston cannot be less than 6,000 men, killed, wounded and missing. That of the rebels is probably nearly as great.

Our men are confident, although much fatigued and worn. There is a general desire among them for something decisive to take place.

The weather has been only moderately warm; and continued clear until the 2d inst., when there was a heavy fall of rain accompanied by thunder and lightning. Yesterday it continued cloudy and showery throughout the day.

The repossession of the railroad secures us against any probable suffering for want of supplies.

Cobb County, Ga., June 5—12 Noon.

The rebels have left our front. Two hours since part of Gen. Schofield's men took possession of the rebel works. A little later it became evident that they had abandoned their works along the entire line, and we now have full possession of them.

The rebels have either retreated entirely across the Chattahooche, or Hardee's corps, which was in front of McPherson on our right, has moved to the extreme rebel right to dispute the advance of our infantry to the railroad. In the latter case we shall have a battle near Marietta; in the former there will be no more fighting this side of the Chattahooche.

The army will probably move in pursuit of the enemy immediately.

In saying that our lines extended eastward to the railroad, I did not mean that our infantry lines reached so far, but that we communicated with the railroad from the extreme left of our infantry by means of our cavalry.

While I write, our left wing (Schofield) is moving westward along the line of the enemy's works, and finding nothing. Y. S.

THE RAID INTO KENTUCKY.

The Fighting at Cynthiana—Pursuit of the Rebels by Gen. Burbridge.

Special Dispatch to the Cincinnati Gazette.

Boyd, Ky., Sunday, June 12.

Since my last dispatch I have seen the elephant, and a much larger one than I bargained for. To begin with, was the sharp fight on Saturday morning, before breakfast, near Cynthiana, in which Companies A, D, E, F and G, of the One Hundred and Sixty-eighth Ohio, or most of them, sustained the shock of three thousand men under John Morgan. Not knowing their numbers, Col. Garis, assisted by Col. Berry, Provost-Marshal, and his own Lieutenant-Colonel, Barrere continued the contest only too bravely. Outnumbered and overpowered, they fell back, firing all the time, to the depot buildings, where Col. Berry fell almost mortally wounded in the head, and thence to Rankin's unfinished hotel, where, after surrendering and coming out of the house, Col. Garis was shot through the right shoulder to the elbow, and others retreated to the Court-house. The consequence was the rebels poured into town and charged into these several places, causing the utmost consternation among the inhabitants. Col. Garis not surrendering soon enough to suit the rebels, they set a stable on fire near to our position, and the terror of the flames added greatly to the alarm. On swept the flames, and across the river, north of the town, another battle began between Gen. Hobson, who had just arrived with the One Hundred and Seventy-first Ohio, and a detachment of the rebels. Our Ohio boys, who had never seen an engagement before, held their ground gallantly for fifteen or twenty minutes before yielding to the superior numbers which were constantly increasing.

The loss of life was surprisingly small, not more than fifteen in both engagements, and, perhaps, fifty wounded, many slightly.

I had nearly completed a list of killed and wounded when I was taken prisoner, as a war correspondent, and had everything taken from me.

Col. Berry was expected to die every moment, but after a few hours rallied, but not so as to speak. This morning it was thought possible he might live.

Col. Garis' wound is through the right shoulder and arm. Lieut.-Col. Barrere was also quite severely wounded.

Companies B, C, H and K, of the One Hundred and Sixty-eighth, were not in the fight.

It was a pitiable sight to see all the rest of our two young regiments hustled out of their retreats, without arms, and through the streets as prisoners. They were, in all 1,200 or 1,500, with 100 from Mount Sterling, marched out, your correspondent in the lead, three miles on the Augusta pike. At daylight this morning, I took French leave, and have not heard whether the regiments were paroled or not. They hoped to take them back into Virginia, unless Gen. Hobson, who was wounded, and has gone with Capt. Morgan to Cincinnati, can effect an immediate exchange.

The fire raged, notwithstanding vigorous efforts to stop it by citizens, till noon, when all the business portion of the town—over twenty houses—were consumed, with much of their contents, the rebels meanwhile helping themselves abundantly.

THE BATTLE SUNDAY MORNING.

At daylight this morning, Gen. Burbridge had the satisfaction of pouncing upon Morgan's plundering band while taking their coffee. For full an hour, the contest was fierce—the rattle of musketry being incessant and so heavy as to be heard eight or ten miles. Then Burbridge's artillery got in position, and a few shots from it, with a charge, settled the conflict. The battle took place half a mile east of town, and the rebels gave way in that direction, and with the descent of the hill into town their speed increased, and through the streets they went in a gallop, not shouting as on the previous morning, or stopping to pass compliments with rebel citizens, and said citizens not smiling at their doors. On they went through the bridge till its capacity was overtaxed, when they plunged into the stream, literally filling it for the space of a square, at swimming depth. Of course Burbridge was pressing closely after, and at last accounts was pursuing. The rebel loss must have been very heavy, with little damage to our side. We took 150 prisoners, 25 of them officers. They fled mostly in the direction of Georgetown—Morgan himself a mile in the lead. It is supposed the captured regiments were hastily paroled, and of course the parole cannot be binding.

While the Union forces were charging through the town, Mr. Buzzard, a wealthy citizen, but in liquor, hurrahed for Jeff. Davis, when some soldier shot him dead.

SECOND DISPATCH.

Falmouth, Ky., Sunday, June 12.

Lieut. Bevayet of Morgan's staff, just brought in a prisoner by Capt. Balmer, says their command, after getting out of Cynthiana, would all move eastwardly, and that the prisoners would be carried off. Conductor McDonald and Matalack, and Engineers Doyle and Robertson, who were prisoners have just come in, and report that the whole body of prisoners was hurried off this morning on double quick through Claysville. At that place the railroad-men were released. Gen. Hobson arrived at Plymouth this evening, overland, in charge of rebel officers. Maj. Chenoweth, son of a former Cincinnati merchant, and Capt. Boone, Lexington. If Hobson does not succeed in having a rebel general changed for him he is to return to Morgan if they can find him.

The train of 200 horses sent up with Hobson was thrown from the track, and thirty of them so injured that they set fire to the cars and burned them up, after helping themselves to the sound ones.

After Morgan routed the few men at Mount Sterling on Wednesday, Burbridge surprised him and whipped him badly, taking seven hundred prisoners.

At Lexington, on Friday, Morgan made a short resistance, while his men went through the town robbing every man they met of watches and pocket-books. They made a levy on seven thousand dollars on the Northern Bank of Kentucky there, and took it in coin. They burned the depot and a few cars, most of them having been taken under the protection of the fort.

From here Burbridge drove them again, and pursued to Cynthiana. The rest you have in my first dispatch.

GEN. BURBRIDGE'S PURSUIT.

From the Cincinnati Gazette, June 13.

Two members of the Twelfth Ohio Volunteer Cavalry reached here yesterday morning from Maysville, having been captured at Mt. Sterling on Thursday and paroled. From their statements we glean the following facts:

"Burbridge had detailed the Forty-fifth Kentucky, Col. Brown, to proceed to Pound Gap, with the design of holding in check any rebel force there. The remainder of the force, which had been to Louisa for forage, etc., returned to a point on the north fork of the Big Sandy. The Forty-fifth was at Pound Gap on Friday or Saturday of week before last, and skirmished with a detachment of Morgan's force left there for the purpose of directing attention from his real movements. Burbridge's main forces remained at North Fork until Sunday morning, when he marched one day toward Pound Gap, and learned that Morgan had entered by one road while he was traveling another route to the Gap. Morgan left Pound Gap a week from last Thursday. Burbridge struck his trail at Red River.

Morgan's forces pressed on to Mount Sterling, and 500 cavalry reached there at daylight Wednesday. There were on duty seventy men of the Fortieth Kentucky, and eighty of the Twelfth Ohio Volunteer Cavalry, under Capt. T. K. Parkinson. The men were not up, but rallied and fought for an hour and a half before surrendering. Two privates of Company H, one of Company A and one of Company B were killed. Two rebel Captains and one private were killed.

The prisoners were all paroled.

Burbridge commenced the pursuit Monday. He traveled hard all day, and reached Prestonburgh. With the exception of three hours' rest, he traveled all night, and reached Hazel Green Tuesday morning about 10 o'clock. He marched all day Wednesday and Wednesday night. Thursday morning, between 3 and 4 o'clock, he reached Mount Sterling. The rebel force was posted out of town on the Ticktown pike, from a quarter to a half a mile from the town. They were infantry, reported by the rebels to be 3,000 strong, and fought like well drilled troops. They were formed in line of battle, partly protected by a fence. Burbridge had a force of 3,000 cavalry and two small brass howitzers. The fight went on till 10 o'clock, when the Twelfth Ohio made a charge and Cochrane and Idle were taken prisoners. They were paroled on the spot, disarmed and started away. So far as they had means of noting facts, they considered the rebel loss quite heavy up to that time, especially at the point where a charge was made in the beginning of the fight. The rebel infantry were forced into the woods, and fell back in a southerly direction. Two hours after, the report was current that Burbridge had whipped the rebels, and they were falling back to form a junction with the cavalry.

After Cochrane and Idle left Mount Sterling and were some four miles out, on a road leading to Flemingsburgh, they were overhauled by a rebel Colonel and staff, who demanded their parole, and finding they had no written parole, ordered one made, which they signed, and which he said would take them through safely anywhere. They were sworn not to fight again until exchanged. They came on to Licking River, where two soldiers of the Fortieth and Forty-fifth Kentucky overtook them, who told them that Burbridge was driving the rebels from Mt. Sterling in the direction of Cynthiana or Paris, although Morgan had joined the infantry with his cavalry. Morgan had not destroyed the Government property at Mt. Sterling, excepting to use it himself.

At Flemingsburgh they heard that Pete Everett had passed through there Thursday night, on his way to reinforce Morgan, who was reported whipped. He left his captured horses in pasture, and pushed on with 150 men. While there he collected what stores he could find, and burned them. The rebels at Mount Sterling reported their force to be 1,500 cavalry, and 3,000 infantry, but no artillery."

THE BERKSHIRE DISASTER.

The Coroner's Inquest—Testimony of Capt. Powers and of the Keeper of the Lamp-Room.

Correspondence of the Poughkeepsie Eagle.

Rhinebeck, Monday, June 13, 1864.

The examination into the cause of the late disaster to the steamer *Berkshire* began at this place at 2 o'clock to-day. The following gentlemen composed the jury: J. F. Russell, Foreman; Capt. B. F. Schultz, G. Gramer, Henry Briggs, Capt. E. J. Bergh, Henry Shop.

INQUEST ON THE BODY OF MRS. KATE NILES.

Capt. Fred. M. Power, sworn: I reside at Hudson; was Captain of steamer *Berkshire*; started from Hudson for New-York at 6 P. M. on the 8th June; as near as I can tell we had about 130 passengers on board; the crew consisted of about 40 persons; nothing unusual occurred until we reached near Esopus Island; the first I heard was an alarm of fire given from the main deck at a quarter before 10 o'clock; I immediately went to the spot from whence the alarm emanated in search of the cause; I was in the state room hall; discovered fire bursting out from the door of the lamp room on the starboard guard aft of the wheel directly next to it; the door of the lamp room was shut, and flame and smoke was coming from the crack of the door and out of the bulkhead; the room from which the flames issued was used for lighting and trimming all lamps belonging to the boat except those that belonged to the engineer's department; kerosene oil was used for lighting; Henry Edwards, a colored waiter, had charge of the room; he was saved; forward of this room and up to it on the gangway the freight consisted of hay; aft of the hay a gangway led to the lamp-room, and extended around both sides of it; the hay in the main gangway was about a foot from the lamp-room door; when I arrived at the scene the fire was yet confined to that room; do not know that any person was in there at that time; I immediately called on the engineer for his hose; he replied that the assistant engineer was getting it ready; I then passed forward to the donkey pump, and found the hose attached and laying in a coil; I stretched it aft to the fire and sung out for water; the assistant engineer replied, "I will give it in a moment;" I then found the fire stretching across the gangway, reaching the engine-room, the bulkhead, and the freight about the gangway, communicating with the hay; I decided then that the case was hopeless; left the house and went immediately to the pilot-house and told the pilot that we were on fire below and could not control it; asked him in reference to the shore; he replied the shore was rocky, but he might be able to clear them; I then ordered him to put her ashore and take the chances, which he did; I remained by the pilot until she grounded; I then requested the first and second pilots to go aft and lower the starboard boat; both started together and immediately after the first pilot came back and repoted that they could not get by the wheel; the flames then covered the wheelhouse and ran amidships across the deck on to the port wheel; I then went on to the promenade-deck forward and assisted the passengers to get over the rail overboard, until the deck was about clear of passengers, then I followed. At first the larger number of passengers were abaft the wheel on the state-room deck; the most of them passed forward in safety before the fire had made much headway; I assisted ten or twelve of these in getting forward, and kept them, with others who had reached that part of the vessel, at that spot; at the first alarm, I gave orders for all passengers to go forward; this was before I knew where the fire was; after she was beached I gave a similar order in the saloon; the wind at the time was blowing a gale from the south; in about five minutes after the fire was discovered she was beached; I cannot account for the cause of the fire; there were berths in the lower cabin; the fire would have more difficulty in reaching that point than any other; the stairs leading to it were forward of the ladies' saloon on the main deck; nothing belonging to the boat was saved except the safe, containing the boat's license and inspection papers; all but six of the crew were saved; there were 288 pair of cork life-preservers on board the boat, one pair being in every berth in the cabin; we had two metallic life-boats on each quarter, aft on the promenade-deck hanging in the cranes; in consequence of the rapid spread of the flames, they could not be reached; we had a very large donkey Sewel's pump No. 5, with 500 feet of 2½-inch hose; copper pipes led to the state-room deck and to the upper deck outside, with nozzles for coupling on hose; we also had forty water-bucket, one-half on the main deck, hanging amidships, and the other half on the upper deck, standing about the steam chimnies, all filled with water; a warning was given to all the passengers in the boat, by the steward at the state-room doors, by the clerk in the ladies' saloon, and myself also; many were saved who were in the lower cabin that report having heard the order for all to pass forward; the head waiter was known to have come on to the main deck and return; he was lost; in addition to the means of escape the boat had two ladders leading from the main deck to the promenade deck, all aft the wheel, and a stairway leading from the after lower cabin to the ladies' cabin; this stairway was well aft; the vessel was run ahead on to the shore, going at full speed; two-thirds of her was in six feet of water; the engine did not cease running until stopped for the want of steam; saw no one lying on the hay smoking; the boat was not overloaded, having only an ordinary freight on board; the firemen were throwing water on to the fire by buckets before we commenced to get the hose ready.

Henry Edwards, sworn: Was keeper of the lamp-room; had charge of the lamps that night; was not in the room at the time the fire broke out; could not say whether any one was in there or not; I was on the promenade deck at the time; I had filled the lamps and distributed them around the boat previous to the fire; the lamps that I filled and trimmed in that room were the signal lamps and the Captain's and pilot's lamps. When we arrived at Catskill it was my business to hand these lamps out; when I left the room that night I locked the door, leaving no light there; the last I was in that room previous to the fire was about half-past seven; after I got through with the lamps my work was done for the night; when I first heard the alarm I was on the upper deck; the cook and one of the firemen also had a key to the lamp-room; they filled their own lamps, but should come to me for the oil; don't know of any one going in that room after I left; did not see any person smoking in the vicinity of the lamp-room; no matches were left in the room; kept no rags or waste in that room; had none there that night; the waiters were always watching me, in case that I threw matches that had been used on the deck, to scold me for it; after I used a match I always blew it out and put it in my vest pocket.

Three more bodies were found yesterday. One of them was that of Frisbee, the waiter, (colored;) the other was merely the part of a body, the legs and arms being missing, supposed to be the body of Coons, the deck hand, and the third is that of a woman not identified. This makes fifteen bodies in all that have been found up to this time. The investigation was being continued when we left.

The Tragedy at Fishkill.

A MOTHER MURDERS HER TWO CHILDREN AND CUTS HER OWN THROAT.

From the Poughkeepsie Eagle, June 14.

Yesterday morning about 10 o'clock we received a special dispatch from Fishkill Landing, announcing that two children had been murdered by their mother in that village, the same morning about 8 o'clock. We immediately sent a reporter to the scene, who brings us the following account of the horrible affair:

The village of Fishkill Landing was thrown into a state of intense excitement this morning, by the news that Mrs. Mary Miller, of that village, had murdered her two children. It seems that for some time Mrs. Miller had been afflicted with a kind of melancholy insanity, from which Dr. Bell, her attendant physician, feared bad consequences, and had warned her husband that something of this kind might be expected, and advised sending her to an asylum, but her husband hesitated about taking such a step, and hoped for her recovery.

Yesterday morning Mrs. Miller dressed her children, had given them their breakfast, and put the youngest one named Caroline (a babe some eight months old) to sleep, and had sent the eldest, (Jessie) aged some seven years, to watch her. The youngest soon commenced crying, and she went up stairs to take care of it, but in the meantime slipped her brother's razor out of its case and carried it up stairs with her. Mrs. Carnes, her sister-in-law, hearing a noise, went up stairs to see what was the matter, and found the babe lying on the bed with her throat cut on the left side, and her mother bending over her with her throat cut. The oldest child was found lying in an adjoining room also with her throat cut and dead. This happened about 7:30 o'clock in the morning.

Dr. Bell was immediately called, and when he arrived both children were dead, and the mother lying insensible on the floor.

The eldest child had the carotid artery severed on the right side, and the younger child the same artery on the left side, causing instant death. The mother had both jugular veins severed and her windpipe cut in two; in fact, her throat was cut from ear to ear, with a gash as large as a man's hand. She is still alive, and some hopes are entertained of her recovery.

Her husband was doing business in New-York and was absent at the time, but was immediately telegraphed to, and has since arrived at the scene of this, to him, sad tragedy.

She had often expressed a wish that her children would die, as she was oppressed with the belief that she was going to die, and wanted them with her in heaven, and when Dr. Bell first attempted to dress her wounds she refused, and said that her children were in heaven and she wanted to go there too.

Coroner Vandewater, of Matteawan, was immediately summoned, and an inquest held, which elicited the following facts:

Mrs. John Carnes, sister-in-law of the woman, and with whom she boarded, was first examined. She says Mrs. Miller was about the house as usual, had dressed the children, and the little one had gone to sleep; she took it up stairs, but it soon awoke and commenced crying; she sent Jessie up to take care of it; soon after she went up herself, having taken Mr. Carnes' razor from its case in a closet in the kitchen, unknown to any of the family; Mrs. Carnes soon followed her up stairs, attracted by the noise, opened the bedroom door, found Mrs. Miller standing with her throat cut, and the babe, with its throat cut, lying on the bed; the older girl, who was lying on the bed, she did not see; she asked Mrs. Miller what she had been doing, but received no answer; she immediately ran out to call for assistance, and, on her return, found Mrs. Miller sitting upon the floor.

Wm. P. Bell sworn: I am a practicing physician; I have seen the children of Mary Miller this morning, since their death; I saw them first about 8:15 o'clock this morning; I found the larger one on the floor, and the smaller one on the bed, the larger one with throat cut on the right side and dead; the smaller one with throat cut on the left side and dead. The wounds upon each one were such as to cause instant death. The razor lay close to the mother of the children; she told me she did it; I have been her physician several months; she was deranged; she was suffering from that sort of mania called melancholy, often expressing a wish to die; she has exhibited this state of mind since I attended her; I suggested to her husband that she had better be sent to the asylum; I was afraid she would do something of this kind; she cut the throats of the children with a razor and then cut her own throat; I presume she knew what she was doing; she said her children were in heaven, and she was going there too; she at first resisted assistance.

Dr. J. P. Schenk, Jr., corroborated the statement of Dr. Bell, so far as the matter came under his observation.

The jury, after viewing the bodies and hearing all the testimony, gave a verdict, "that said Jessie Miller and Caroline Miller came to their deaths by having their throats cut with a razor, in the hands of Mary Miller, their mother, who was insane."

Affairs in North Georgia.

REPORTS OF ESCAPED NATIONAL OFFICERS.

From the Chattanooga Gazette, June 8.

Four Federal officers arrived here on Monday, having jumped from the cars near Millen, between Augusta and Macon, Ga. Their names are Capt. Wilkins, One Hundred and Twelfth Illinois; Capt. Murray, Second East Tennessee Infantry; Lieut. Jones, of the same regiment, and Lieut. O'Connor, Fifty-ninth Ohio Infantry. These officers, with several hundred others, were being transferred from Libby Prison to Macon, to prevent their capture by Grant. They escaped by making a saw out of the back of a common table-knife, and sawing a hole in the side of the car. They jumped out when the cars were running at the rate of ten miles per hour. The following officers escaped in the same way, and are expected here to-day. Capt. Warren, Fith East Tennessee Infantry; Lieut. Crawford, Second East Tennessee Infantry; Lieut. Clifford, Lieut. Smyth, and Lieut. Ewling, Sixteenth U. S. Infantry. The officers mentioned as having already arrived here were about twenty days reaching the Federal lines.

These officers were bountifully fed by the negroes until they arrived in North Georgia, where there are comparatively no negroes, and then they were fed by the "poor white trash," who are not deeply enough interested in Slavery to turn them against their Government for it.

Capt. Wilkins and the officers with him were in a terribly destitute condition when they arrived so far as regards clothing. They had Confederate money, but the poor white folks nor the negroes would have nothing to do with it.

They report the woods and hollows full of citizens in North Georgia, who are well armed, and vow they will not join the rebel service. They shoot those who attempt to arrest them. Capt. Wilkins escaped once before (with Col. Straight) but was recaptured when out six days.

Maj.-Gen. Steedman, commander of this post, very kindly assisted the party to better rigging than that in which they were clothed when they arrived.

Extensive Robbery in New-Haven—$5,195 in Gold Stolen.—One of the most extensive robberies ever committed in New-Haven occurred in this city yesterday noon. It was no less than the summary appropriation of £1,039 in English sovereigns and half-sovereigns, from the residence of Capt. H. J. Bown, No. 11 Liberty-court. Capt. Bown arrived in New-York on Wednesday last from Southampton, in the steamship *Bremen*. On the passage he made the acquaintance of James Johnson and John Pennock, of London, and William Gill, of Bradford, Yorkshire. The acquaintance ripened into friendship, and on Saturday Capt. Bown invited his English friends to come up to New-Haven and spend the Sabbath. Messrs. Gill and Johnson owned this bag of gold, with which they proposed to start some kind of business in this country. Pennock was destitute of money, but being a friend, he was brought over at their expense, with the intention also of establishing in business. Previous to coming to New-Haven, Capt. Bown advised Messrs. Gill and Johnson to place their money in the bank for safe keeping. They acted on the suggestion but partially, and brought the balance with them. The gold was in a bag, the bag inclosed in a satchel, and all left under a bed in one of Capt. Bown's chambers. Yesterday afternoon, Bown, Gill and Johnson started off for a walk. Pennock complained of headache and remained at the house. Returning after an hour or two, Mr. Johnson casually looked for his treasure, and discovered that the bag had been cut and the money gone. Mr. Pennock was also missing. The police were immediately notified, and the usual precaution taken to secure the thief, but thus far unsuccessfully. A friend of all parties, an Englishman, named John Tiffin, was arrested in the afternoon as an accomplice, but there being no evidence against him he was discharged. At the present rate of gold, the thief is in upward of $10,000. There is a good opportunity for experienced detectives to show their expertness.—*New-Haven Journal, June 14.*

The Law Relative to Substitutes.

It will be seen by the following letter from Gen. Fry's office that drafted men cannot procure substitutes in other districts than where they are drawn, the late decision of Commissioner Whiting relating to persons enrolled but not yet drafted:

War Department,
Provost-Marshal-General's Office,
Washington, June 10, 1864.

Brig.-Gen. Wm. Hays, New-York:

General: I am directed by the Provost-Marshal-General to acknowledge the receipt of your communication of the 7th inst., relative to the acceptance of substitutes in New-York for men drafted in other States, and, in reply, to state that substitutes will not be accepted in New-York for men drafted in other States; but that they may be taken before the draft for persons enrolled in other States, under the opinion of the Hon. Wm. Whiting, Solicitor of the War Department, as published in Circular No. 19, of series of 1864. I am, General, &c.,

CHARLES H. H. BROOM,
First Lieut. 57th New-York Vols., and A. A. A. G.

The Fat Boiling Nuisance Again.—Capt. Lord, of the Sanitary Squad, yesterday arrested John Eismer, proprietor of a fat-boiling establishment, situated at Nos. 2 and 3 Abattoir-place, West Thirty-ninth-street. That officer, in his affidavit, states that a few days since he went to the place in question, and there found about eight barrels of animal fat in the last stages of decomposition; that the effluvia exhaled therefrom was most offensive and injurious, and that its noisome effects extended for many blocks around. He further stated that in a vat capable of containing seven thousand pounds of fat there were from one to two thousand pounds in the boiling process, and that the gasses thus thrown off were highly impure and injurious to health. Eismer was taken before Justice Dowling at the Tombs, where he demanded an examination, which will be made to-day. Capt. Lord thinks the health and lives of residents in the vicinity of these fat-boiling establishments is much endangered, and he is of the opinion that the nuisances should be promptly suppressed.

The Mercer-street Shooting Affray—Death of the Victim.—John Muldoon, the young man who was shot with a pistol in the hands of an unknown person, on Sunday morning last, in Mercer-street, died on Monday night, at the New-York Hospital, from the effects of his wounds. Deceased and his assailant were strangers, and became involved in a quarrel at a public house where they accidentally met. Which of them commenced the affray is not yet known. The man with the pistol went outside the house, and discharged his weapon from the sidewalk. He then ran away, and thus far the police have been unable to effect his arrest. Coroner Naumann will hold an inquest on the body to-day.

The Draft.—There have been no new instructions received at the Provost-Marshal-General's office concerning the draft, which it is anticipated will take place about the 1st of next month. This, however, is a mere conjecture, founded on the fact that the enrollments will be completed about that time.

Sale of the Delaplaine Property in South Brooklyn.—The adjourned sale of this large property will take place at the City Hall, in Brooklyn, at 12 M. to-morrow. The property yet to be sold consists of all that lying between the Third-avenue and the New-York Bay, with an extensive water front, and is considered the most desirable.

Lecture by Rev. W. H. Boole.—A lecture will be delivered this evening, at eight o'clock, in Washington Hall, corner of Eighth-avenue and Eighteenth-street, by the Rev. W. H. Boole, on the "test of true patriotism."

A Policy of Insurance "For the Benefit of Whom it May Concern"—Does it Belong to all the Owners or to Him only who Procures It.

SUPERIOR COURT—GENERAL TERM.

Before Justices Robertson, Barbour and Gorvin.

William Forgay, et al, vs. The Atlantic Mutual Insurance Company impleaded, &c.—This action was brought by the plaintiffs upon a policy of insurance issued by the Atlantic Mutual Insurance Company upon the ship *Knickerbocker*, dated 26th May, 1857. The policy was made in the name of Stanton and Thomson, on "account of whom it may concern;" loss, if any, to be paid to them. The policy was upon the body tackles, apparel and other furniture of the ship, and was for the sum of $9,375, the ship being valued at $50,000. The ship was lost in July, 1858.

The plaintiffs claimed on the trial that the policy issued to Stanton & Thomson belonged to them and to John W. Fowler, (administrator of Peabody,) and that none of the other owners had any interest therein. This claim was based upon the entries in the books of Stanton & Thomson, charging the premiums and costs of policies to particular parties—the plaintiffs.

The defendants denied that these entries have anything to do with deciding the question of ownership of the policies, for the reasons that they were not made until after the policies were issued, and that the policies were the controlling documents, and Stanton & Thomson could not vary their import, or change the rights of any of the parties then under, without the consent of all the parties thereto. They contended that the words "when it may concern" should be construed to mean all the owners, and could not be made to mean any particular one or number of the of the owners. They therefore insisted that all the owners should be made parties to the action.

The court admitted the entries in Stanton & Thomson's books as evidence, and the defendants' excepted.

Judgment was given for the plaintiffs, the court finding that they individually directed the insurance of their interests, and that they were the parties "whom it concerned." The defendants appealed to this branch of the court, contending that unless Stanton & Thomson had the authority to *assign* the policy to the plaintiffs by their entries, they could not direct the owners of the policy of their property therein, and that the evidence failed to show any such authority. That Stanton and Thompson held the policy simply as trustees, and had no right or authority to assign it or turn it over to the plaintiffs as their property, by any act or entry. That the defendants were ignorant of the real assured and of the nature of the contract between the owners of the ship and Stanton & Thompson. They only knew the latter, and had the policy itself as their protection, relying upon the principle that if the assured gave the authority to transfer the policy, they were protected, and if not, the transfer was void.

After argument, the judgment below was affirmed in favor of the plaintiffs.

Evarts, Southmayd & Choate for plaintiffs; Townsend Scudder and Daniel Lord for defendant, Fowler; Mann & Parsons for the Company.

Decisions.

SUPREME COURT—CHAMBERS.

Tuesday, June 14—P. M.

The offers for the $75,000,000 which go forward to Washington to-night, and which will be added to, by telegraph to-morrow, up to the hour of noon, will undoubtedly be large from this City alone. We have reason to suppose that the National Banks south and west of Philadelphia will also be considerable. The rates are kept unusually secret, and we should, perhaps, run much risk of misleading such of our readers as desire to bid by telegraph in the morning were we to venture an opinion on the subject. It is equally questionable, at present, as to what portion of the $75,000,000 will be awarded to parties on this side of the Atlantic, should the general run of the bidding fall below the views of the Government as to a fair rate for so desirable a Stock. That the Secretary is favorably entertaining certain overtures from abroad, not less advantageous to the Government than something near the market rate borne of late by the 1881 Bonds, we have the best reasons to believe, and in accepting one or more of these, it may be that he will make the negotiation part and parcel of the present $75,000,000, in place of creating a specific Loan for the purpose.

In paying for the new Loan, the successful bidders will be at liberty to avail of any of the Interest-bearing Legal-Tenders, now in circulation, *with the accrued interest*, and also of any Certificates of Deposit with the Treasury with the accrued interest.

Among the large bidders from this City will be the First and Fourth (and perhaps other of the) National Banks, the American Exchange and other of the old Banks, and Messrs. Vermilye & Co., Livermore, Clewes & Co., and other private Bankers and Brokers.

The Money market continues to work easy, and there is less apprehension felt on the Street to-day of the effect of the payments to be made on the New Loan, nearly half the amount having been left with the Treasury on 6 ℔ cent. deposit, since the Loan was announced. The deposits to-day were $3,812,454.

The Stock Exchange keeps rather dull, awaiting the result of the Loan and the turn of pending military events in Virginia and Georgia. The United States Stocks of 1881 and 5-20s were a fraction lower than yesterday. The Railways irregular.

At 4 o'clock the following prices were made as compared with the same hour yesterday. The price of Gold 196½@197 ℔ cent., and Bills on London, Currency rates, 216@217 ℔ cent. The Bank of Commerce was a large drawer yesterday and to-day.

We have to say in reply to our Beaver-street correspondent, that all our statements since Thursday last in reference to placing a large sum of the United States 1881 Loan abroad, have been based upon the highest authority. We have not inquired into the details of the proposed arrangements, nor do we feel at liberty to use the names of the Bankers abroad or their correspondents here, supposed to be concerned in them. As on a matter of so much importance, we have not spoken lightly of the probable purpose of the Secretary of the Treasury, so we do not feel called upon to canvass the contradictory rumors or denials indulged on the Street or in the Gold Room.

or by some of our City cotemporaries, on the subject.

The product of the Pacific Gold and Silver Mines, available for export from San Francisco, from the 1st of January to the middle of May, amounts to $24,429,906 as against $18,095,705. The increase is full 33⅓ ℔ cent., which rate, if carried through the whole year, will be $61,500,000 of the annual registered shipment from San Francisco, the largest ever known. The increase is materially assisted by the new product of Silver in the Washoe and other districts.

The highest price ever obtained for any Share property on the active official list of the Stock Exchange was made to-day, for Pacific Mail—302 ℔ cent., or 202 ℔ cent. above the par value of the Shares. The rise in a few days is equal to 65@70 ℔ cent. The natural inquiry is, upon what or from what cause? The current profits of the line are represented to be enormous on the par value; in addition to which, it is intimated that the company now command a sufficiency of steamship force to run the Atlantic as well as Pacific side of the great route hence to San Francisco, and that by reason of a recent sale of the old New-York and Aspinwall line by Mr. VANDERBILT to a third party, they are now free to do so. Whether or not such is their immediate purpose, we are not able to say.

The Milwaukee and St. Paul's Road earned the first week in June $64,593. The receipts of the whole month last year were $125,000. The first week's return therefore promises to double the traffic of June, 1863.

At the annual meeting of the Hudson River Company yesterday, a new Direction was made for the ensuing year, preponderating in favor of the Harlem or Vanderbilt interest. Two of the sons-in-law, and three, at least, if not four, of the confidential friends of Mr. CORNELIUS VANDERBILT are in the board, and the late President, Mr. SLOAN, was left off the ticket, though from no personal disrespect or want of confidence. The head of the ticket is Mr. JOHN M. TOBIN, one of the principal owners, with Mr. VANDERBILT, of the Harlem Road, indicating that all undue competition between the two lines is hereafter to cease. The Board of Directors is now composed of:

J. M. Tobin,
F. Skiddy,
J. H. Banker,
C. Oakley,
Joseph Harker,
O. Charlick,
L. W. Jerome,
W. R. Travers,
H. F. Clark,
D. T. Vail,
A. Schell,
A. Havemeyer,
Smith Barker.

The meeting adopted a series of resolutions highly complimentary to the retiring President.

Mr. J. O. QUIGLEY, of the house of QUIGLEY BROTHERS, was to-day admitted to a membership in the New-York Stock Exchange.

Shipments of coal by the Consolidated Coal Company, (of Pennsylvania,) for the week ending

The week's exports of domestic produce and miscellaneous goods (exclusive of specie) have been very heavy, amounting in value to $5,231,326, and including to Liverpool $1,503,645, and to London $1,136,826.

The East River Savings Bank has declared the usual semi-annual dividends, at the rate of 6 and 5 ℔ cent. ℔ annum, payable on and after July 18.

BANKING AND FINANCIAL.

☞ NINTH NATIONAL BANK.

JUNE 15, 1864.

A bid by telegraph will go from this bank this morning, to Washington, for the 6s of 1881. No charge will be made.

GENERAL MARKETS.

NEW-YORK, Tuesday, June 14, 1864—6 P. M.

The receipts of the principal kinds of Produce since our last have been 53 bbls. Ashes, 12,440 bbls. Flour, 560 bbls., and 640 bags Corn Meal, 50,336 bushels Wheat, 9,986 bushels Corn, 1,200 bushels Barley, 8,000 bushels Malt, 121,870 bushels Oats, 2,182 pkgs. Provisions, and 381 bbls. Whisky.

ASHES—Sales, 30 bbls., at $11 50 for Pots, and $13 25@$13 50 for Pearls ℔ 100 ℔s.

COFFEE—Is quiet, at our quotations; Java at 49c.@50c.; Laguayra and Maracaibo at 41c.@43c.; Rio at 41c.@44c.; St. Domingo at 36c.@37c. ℔ ℔. Stocks of all kinds, this morning, 170,740 bags.

COTTON—Is in fair demand, and buoyant; Middlings at $1 26@$1 28 ℔ ℔. Sales and resales, since our last, 1,300 bales.

FLOUR AND MEAL—State and Western Flour has been more sought after, chiefly by export buyers, at uniform prices; the market, however, closing heavily. Sales since our last amount to 27,500 bbls., part to arrive, including Superfine State and Western at $7 50@$7 75; poor to choice Extra State at $7 80@$8 25, chiefly at $7 90@$8 05; including about 13,000 bbls. to arrive this month, all next month and the first half of August, chiefly at $8@$8 05, with choice at $8 15; round-hoop Extra Ohio, inferior to good shipping brands, at $8 25@$8 40 ℔ bbl.

Superfine State and Western	$7 50@$7 75
Extra State	7 80@ 8 25
Extra Illinois, Indiana, Michigan, &c.	7 95@ 9 50
Extra Ohio, round-hoop, shipping brands	8 25@ 8 40
Extra Ohio trade and family brands	8 45@ 9 50
Extra Genesee	8 30@ 9 50
Poor to choice Extra Missouri	8 25@11 00

Southern Flour continues in moderate demand, at drooping prices; sales since our last 1,200 bbls., at $8@$8 70 for poor to good, and $8 75@$11 for fancy to choice extra brands, ℔ bbl. Canadian Flour rules heavy; sales 650 bbls. Extra, at $7 85@$9 35 ℔ bbl. Rye Flour is in more demand, at $6 50@$8 10 ℔ bbl.; sales 400 bbls. Corn Meal is in fair request, at $7 40@$7 50 for Jersey; and $7 85@$7 90 for Brandywine, ℔ bbl.; total sales 450 bbls. Also, 50 puncheons Brandywine at $35 each.

FRUIT—The market has been quiet but steady, since our last.

GRAIN—Wheat has been in active demand, and prime lots of Spring have again advanced 1c.@2c. ℔ bushel. Sales have been made since our last of 214,600 bushels, chiefly to arrive, including White Canada at $2; White Michigan at $2 05; Amber Western at $1 91@$1 93, chiefly at $1 92; Red Western at $1 85@$1 90; Amber Iowa, Wisconsin and Green Bay at $1 84@$1 86; Milwaukee Club at $1 77@$1 83; Chicago Spring at $1 75@$1 82, and Red State at $1 85, ℔ bushel. Corn continues depressed, closing decidedly lower. Sales since our last, 67,000 bushels, at from $1 50½ down to $1 45, chiefly $1 45@$1 46 for Mixed Western, ℔ bushel. Rye continues scarce and unsettled. Oats are more abundant and in less request at drooping prices. We quote Canada at 89c.@90c.; Western at 90c.@91c., afloat; State at 90c.@91c., afloat, ℔ bushel. Barley Malt is in demand at $1 60 ℔ bushel. Sales to-day, 1,400 bushels Canadian Peas, $1 40; sales 9,000 bushels. Mr. EDWARD BILL notices the past fortnight's business in Breadstuffs thus: "The extreme rates current the past week for Gold and Exchange has had its usual effect upon all the shipping grades of Flour, and the quotations below show the advance obtained. The better grades of Western Family brands are also held at higher rates, with a fair demand. For delivery in the latter part of this and all the month of July sales are reported of Extra State at $7 80@$8. For Wheat there is an active shipping inquiry, particularly for the choice samples of Milwaukee, which command the highest quotations. The quantity offering on the spot is light, owing to the large sales for delivery ahead,) notwithstanding the free receipts. At yesterday's Exchange, with an unsettled market for Exchange, the trade was quiet, without any material change in value of Wheat, although Flour was dull and a trifle lower. Rye is scarce and wanted. Indian Corn fluctuates in price with the supplies, which have of late been more free. The Stock of Old is nearly exhausted, and a considerable difference is obtained over the New."

HAY—North River is plenty and in request at $1 25@$1 50 ℔ 100 ℔s.

HOPS—Have been in moderate demand at 15c.@30c. for common to very choice, ℔ ℔.

HIDES—Are held firmly, but are quiet.

LEATHER—Sole is in good demand and buoyant.

MOLASSES—A very moderate inquiry prevails for the principal kinds at uniform prices.

NAVAL STORES—Continue quiet, including Spirits Turpentine at $3@$3 10 ℔ gallon. Tar, $14@$16 ℔ bbl. Resin, $32@$44 ℔ 280 ℔s.

OILS—Have been lightly dealt in to-day at our quotations. Crude Whale, $1 20@$1 24; Crude Sperm, $1 95@$2; Bleached Winter Whale, $1 30@$1 35; Unbleached Sperm, $2@$2 05; Linseed, $1 58@$1 60; No. 1 Lard, $1 15@$1 20; Crude Petroleum, 45c.@46c.; Refined Petroleum, 73c.@76c., free, and 66c.@66½c. in bond, ℔ gallon. The week's business in Petroleum Messrs. TURNER & GERIVES notice thus: "The market for Petroleum has continued active, and prices have further advanced, leaving the leading sea ports bare of supplies of both Crude and Refined. In no former period in the history of this article have the exports been on such a lavish scale as during the months of May and June inst., and it is expected that by the end of July next, we shall have made up the present deficiency in our foreign shipments as compared with last year. Refined, in bond, closes very strong at 66c. for prime quality, here, and 65c. in Philadelphia, with sales for forward delivery as high as 70c. Crude is very firm at 45c. on the spot, and 47½c. for July and August. Free Oil is also very firm, and there were some important transactions yesterday, at higher figures; we quote 75c.@80c. The following are the receipts at, and the exports from, New-York, of Petroleum, for the week and since Jan. 1:

NEW-BEDFORD MARKET WEEK ENDING JUNE 13.—*Sperm*—There has been considerable inquiry for Sperm since our last, both for export and home consumption, but the high views of holders has checked the sales, and orders which have been in the hands of purchasers for export have been withdrawn. The sales for the week embrace 1,150 bbls.—550 bbls. for manufacturing at $1 90, 500 do. for export, at same price, and 100 do. for do., at an advance on $1 90. Since the above was in type, 200 bbls. have been sold at $1 95 ℔ gallon for manufacturing. *Whale*—Is quiet, but firm. The only sale for the week is 500 bbls. of the *William Cummings* cargo in New-York, at $1 20 ℔ gallon.

[*Whalemen's Shipping List.*

PRINTING CLOTHS—Sales in Providence last week, 54,500 pieces, including, according to the *Journal*, 1,000 pieces 44x44, 15c.; 3,000 do. 56x60, 19c.; 2,000 do. 56x60, 19½c., heavy; 4,000 do. 60x64, 20c.; 15,000 do. 60x64, 21c.; 4,000 do. 64x64, 21c., early in the week; 9,000 do., 64x64, 22c.; 2,000 do. 64x64, 22¾c.; 1,000 do. 64x64, 22¾c.; 13,000 do. 64x64, 23c.

PROVISIONS—Pork has been quite active at a further advance in prices. Sales since our last 11,800 bbls., in lots, at $34 50@$35, closing at $35 for New Mess; $35@$35 25 for June, and $36 25@$35 50 for July delivery, buyers' option; $32 50@$33 for Old Mess, and $33 for June, and $32@$32 50 for July delivery; $33@$34 for Prime Mess, and $32@$32 50 for Thin Mess, and $29@$30 for Prime, ℔ bbl. Cut Meats are in fair demand, at 14½c.@15½c. for Hams, and 12c.@12½c. for Shoulders, ℔ ℔.; sales 50 pkgs. Bacon is in request at 12½c.@14c., according to quality, ℔ ℔.; sales 100 pkgs. Lard is in demand and firm, to-day; sales, since our last, 1,600 tcs. and bbls., for immediate and future delivery, at 15c.@16c., the latter an extreme, for choice, ℔ ℔. Beef continues in fair demand and buoyant; sales 1,200 bbls., at $21@$23 for Extra Mess; $16 50@$20 for Plain Mess, ℔ bbl., and Prime Mess, $29@$31 ℔ tc.; sales 70 tcs. Beef Hams, $27@$27 50 ℔ bbl. Sales 180 bbls. Butter is inactive, at 28c.@36c. for poor to prime, and 36c.@38c. for very choice State; 25c.@32c. for choice Western, ℔ ℔. Cheese continues inactive at 10c.@18c., according to quality, ℔ ℔.

TOBACCO—Is held higher on account of the troubles in Kentucky; sales 537 hhds. at 10½c.

SUGARS—Are in demand at buoyant prices. Sales since our last 425 hhds., including Porto Rico at 18c.@19½c.; Cuba equal to 16½c.@18c. ℔ ℔. Refined Sugars are in fair request at 19c.@24½c. ℔ ℔.

TALLOW—Sales since our last 210,000 ℔s., at 14½c.@15½c., and 40,000 ℔s. Grease, at 12½c.@12½c. ℔ ℔. The week's business in this line Messrs. KNIGHT & SONS notice thus: "During the past week the demand for all sorts of Tallow has been greatly in excess of the supply. The market opened on Wednesday with a brisk demand, at 14½c., at which price there was a large business done. On Thursday and Friday the market was very much inflated, and the price of this staple rose to 15c.@15½c; the latter was an extreme price paid for choice or favorite brands. On Saturday the firmness of the preceding days was fully maintained, and 14½c. was freely offered for lots on the spot; but, however, very few sales took place—holders asked higher rates. Yesterday and to-day 14½c. and 15c. was paid for strictly prime. The market here has been greatly drained of all descriptions of Soap stock, and different kinds of grease are much sought after; but the supply is so small that soap-makers cannot supply their daily wants, even at the high prices demanded. The arrivals of tallow, grease, &c., are very small, and the stock held throughout the Eastern and Western cities is very light. We quote the market at the close as firm at 14½c.@15c. Price this day, 1858, 10½c.; 1859, 10½c.; 1860, 9½c.; 1861, 8½c.; 1862, 8½c.; 1863, 11½c., ℔ ℔."

TEAS—Are in moderate request, and firm.

WHISKY—Sales have been reported since our last of 2,400 bbls., in lots, at $1 31@$1 32½ for State, and $1 32½@$1 35, the latter an extreme rate, for Western, ℔ gallon.

FREIGHTS—Have been depressed and sales have declined to-day. For Liverpool, the engagements included 45,000 bushels Wheat, at 2½d.@3½d.; 40 tcs. Lard at 12s. 6d.; and 250 tons Oil Cake at 7s. 6d.@10s; also, by steamer, 30 boxes Bacon, at 25s. For London, 1,000 bbls. Flour, at 1s. 4½d.; 50 bbls. Stearine, at 20s. For Havre, 100 tons Lard, at 50 francs ℔ ton, by French vessels, and ¼c. ℔ ℔. by American vessels. For Antwerp, 900 bbls. Flour, at 2s. 1½d.

NEW SKIRT FOR 1864.
A NEW AND GREAT INVENTION IN HOOP SKIRTS.
THE DUPLEX ELLIPTIC (OR DOUBLE) STEEL SPRING.
J. I. & J. O. WEST, NO. 97 CHAMBERS-ST., NEW YORK.
Are the owners of the patent and exclusive manufacturers of this,
J. W. BRADLEY'S
PATENTED DUPLEX ELLIPTIC STEEL SPRING SKIRTS.

This invention consists of Duplex (or two) Elliptic Steel Springs, ingeniously braided tightly and firmly together, edge to edge, making the toughest, most elastic, flexible and durable spring ever used, enabling the wearer, in consequence of its great elasticity and flexibleness, to place and fold the skirt when in use as easily and with the same convenience as a silk or muslin dress. It entirely obviates and silences the only objections to hoop skirts, viz.: the annoyance to the wearer as well as the public, especially in crowded assemblies, carriages, railroad cars, church pews, or in any crowded place from the difficulty of contracting them to occupying a small space. This entirely removes the difficulty, while giving the skirt the usual full and symmetrical form, and is the lightest and most stylish and graceful appearance for the street, opera, promenade or house dress. A lady having enjoyed the pleasure, comfort and great convenience of wearing the Duplex Elliptic Spring Skirt for a single day, will never afterward willingly dispense with the use of them. They are the best quality in every part, and by far the lightest, most durable, comfortable and economical skirt made. Merchants will be supplied as above, and ladies in most first-class retail stores in this City and throughout the different States.

NEWS OF THE DAY.

THE REBELLION.

The intelligence from Gen. GRANT is very limited. There is nothing from the Army of the Potomac direct. An arrival at Fortress Monroe, from Bermuda Hundred, reports heavy firing heard in the direction of Bottom's Bridge Monday morning. A dispatch from Washington announces that no positive information had been received from Gen. SHERIDAN, who started on a great raid on Thursday last. He headed for Charlotteville, and it was understood that after visiting that place he would move upon Lynchburgh. We publish elsewhere a list of wounded officers and men who are still in the rebel hospital in the Wilderness; also, a list of deaths of soldiers at the same place since May 6.

There is nothing new either from Gen. SHERMAN or Gen. BUTLER.

A telegram received yesterday from Lexington, Ky., states that on the 12th inst., Gen. BURBRIDGE defeated the rebels at Cynthiana, killing some 300, and taking 400 prisoners. MORGAN'S command is utterly demoralized and scattered. Cols. HANSON and GARRARD are in pursuit. A telegram from Gov. BRAMLETTE says that "no rebels in force are moving toward Louisville." After the Cynthiana defeat, Gen. HOBSON and part of his staff were sent under guard to Falmouth, but the whole were recaptured by a scouting party, and are now at Falmouth.

GENERAL NEWS.

The Board of Supervisors met yesterday, when the Volunteer Committee submitted their final report, and also an ordinance appropriating $2,000,000, to be raised by subscription, in absence of authority of legislative enactment, to continue recruiting. The clause to the effect that the committee should not proceed till $500,000 were subscribed was stricken out and then the ordinance was adopted; and also a resolution directing the committee to resume recruiting as soon as they shall obtain official surety that all the men they enlist shall be allowed in the next quota. The committee say another call for 300,000 men is likely to be made by July 1, and that the quota of this City will be between 10,000 and 12,000 men. At present there is an excess of 66 men allowed by the Government over all calls heretofore made; but the committee claim an excess of 1,415. Since the 1st of last August, 32,877 men have been enlisted in the City, of whom 21,133 received the bounty. For bounties, $5,660,746 have been expended; for all expenses incident to the work of the Committee, $175,646 90, leaving a cash balance of $639,577 10 on hand, out of $6,946,700, which is the whole sum raised for their use. The Committee also say that a new enrollment will aid in reducing the expected new quota, and they solicit citizens to help in the work of effecting a thoroughly correct enrollment. The Comptroller reported a balance of only $46,333 68 of the $1,200,000 appropriated for the payment of riot damages, and transmitted an ordinance appropriating the further sum of $700,000 authorized by law to be raised, and it was adopted. The Mayor vetoed a bill for iron work on the large drill room on Fifteenth-street, on the ground of excessive prices. The Board adjourned to the 28th inst., at 3 P. M.

The Commissioners of Health, Commissioners of Charities and Correction, Commissioners of Emigration and Commissioners of Quarantine, by invitation of Mayor GUNTHER, had a conference at his office yesterday upon the subject of the care of small-pox patients arriving from abroad. The Corporation Counsel and Mr. GLASSEY, counsel to the Commissioners of Emigration, were also present. The object was to harmonize action between these commissions, a difference of opinion having existed as to their respective duties, the Commissioners of Emigration expecting the Commissioners of Charities and Correction to take charge of emigrants affected with small-pox, and to take them from their depot, while the latter commission claim from the former the cost of conveying the patients from that point to the hospital. A general interchange of opinion, conversationally and pleasantly, was indulged in. The result of it all was an understanding that hereafter the Commissioners of Emigration are to bear the cost of conveying the patients to the small-pox hospital on Blackwell's Island, and that the Commissioners of Charities and Correction will increase their accommodations for small-pox cases at that place. It was shown by the Corporation Counsel that the Commissioners of Emigration are, primarily, a disbursing body, with the right, but that it is not their duty to build and sustain hospitals.

The Mayor, Comptroller and Street Commissioner, as the commission to erect a public market upon the Lowber property, at the foot of East Sixteenth-street, held another meeting yesterday, when the plan for a temporary wooden market building, submitted by Mr. JAMES L. MILLER, architect, over the cognomen of "economy," was adopted, and arrangements made for putting it up, at a cost of $6,500, so as to be ready for use by the 1st of October. The three architects, including Mr. MILLER, who submitted plans, were voted $100 each for their labor.

In the Court of General Sessions yesterday, before City Judge RUSSELL, Mr. TRAPHAGAN, on behalf of Marshal MURRAY and his associates, moved that the indictments pending against them for the commission of certain acts which they averred were done in pursuance of the commands of the President, be removed to the United States Circuit Court for trial. The matter was set down for argument on Saturday.

By the arrival of the steamship *Northern Light* we have news from Aspinwall to the 5th inst. She brings specie to the amount of $204,190. Two entire blocks of buildings, including the City Hotel, were burned on the 30th of May. The loss is very heavy. An unsuccessful attempt had been made to assassinate Ex-President MOSQUERA. The would-be assassins were arrested. The Spanish filibustering expedition into the Chincha Islands is creating great excitement along the entire Chilian and Peruvian coast. The Chilian navy is being increased, the principal forts are being fortified, and every effort is being made to place the country on a war footing and to assist Peru in resisting the Spanish invasion. The Peruvians are also making extensive preparations. Naval vessels are being iron clad, and a monitor will soon be launched. The Ministers of State and Finance had been compelled to resign, and at Panama the Spanish Admiral and Commissioner had been burnt in effigy.

A gentleman who left Little Rock on Friday, June 3, informs the St. Louis *Republican* that everything was quiet when he left. PRICE and his army were near Red River. SHELBY'S rebels were at Batesville. The boat in which he was a passenger down White River was not disturbed by guerrillas.

The Washington correspondent of the Boston *Traveller* states that a call for two hundred thousand men will be made in a few days, or weeks. It is probable that another call for three hundred thousand will be made next Winter.

Gen. KILPATRICK is now in Newburgh. He walks by the aid of crutches.

Five hundred bales of cotton have been captured by our cavalry in the valley of Oostanaula River, Georgia, and shipped to the Chief Quartermaster at Nashville. This cotton was run out of Rome last year on the approach of Col. STRAIGHT'S command, and secreted in the dense bottoms of the Oostanaula River, some ten miles north of Rome and fifteen west of Adairsville.

The stock market continued dull yesterday. Large bids were sent to Washington for the 1881 Loan, to be canvassed to-morrow at the Treasury Department. The price of gold was 196½@197 per cent.

An active business was reported in Flour and Wheat, yesterday, chiefly for future delivery; prime lots of Wheat advanced 1c.@2c. ℔ bushel. Corn was again lower and more freely purchased at the reduced figures. A lively demand prevailed for the principal kinds of Provisions, especially Pork, which was much dearer. Whisky was brisker and higher. Transactions in most other descriptions of produce and merchandise, were restricted. Freights were heavy and rates lower.

The Live Stock market shows a supply of 32,944 animals, numbering 4,543 beeves, 229 cows, 1,404 calves, 13,326 sheep and 13,542 swine. The market is well stocked with animals this week, and showed but little activity, on Monday and Tuesday, in cattle, sheep and cows, all of which sold at declining rates. The cattle market has experienced a very desirable change, such as might have been looked for at the extreme rates at which beef has ruled for the past two weeks. If the market continues to decline for a few weeks as much as it has this, we shall have much more endurable figures to quote. Let the public retrench as much as possible in the consumption of beef, and the cattle market may be expected to yield still more. We quote the decline in the better quality of bullocks at about ½c.; in the lower grades near 1c. While some extra beeves are reported at 19½c.@20c., net weight, the general selling prices are from 15c.@18c. Sheep arrive in large numbers; selling slowly, at a decline from last week; shorn at 6½c. for common, and 7½c.@8c., live weight. On Tuesday trade was dull, with a still further decline. Hogs selling quick, at rates of last week; prime at 9c.@9½c.; medium at 8½c.@9c., alive; still at 8½c.@9c.

The Adjournment of the Rebel Congress—The Financial Difficulties Unsolved.

Notwithstanding the remonstrances of the Richmond papers, the rebel Congress has adjourned, after a brief session, without a serious attempt to relieve the financial embarrassments of the Jeff. Davis Government. Secretary MEMMINGER has made a public statement that he has not a dollar in the treasury wherewith to pay the soldiers. Nor are there any means of meeting the other current expenditures. The enormous taxes which have been levied have been only partially paid; and these payments, having been made in the almost worthless currency, are of little avail. Certificates of indebtedness are not a practicable resort; based on nothing but an airy promise, they command no confidence. The sale of bonds, for the same reason, makes no progress, except as they are hawked at public auction. We publish in another column an official advertisement for the sale at auction of five millions of six per cent. bonds, of late issue, "secured by a pledge of import and future export duties," with other peculiar inducements. Among these inducements is the generous offer to take payment in "treasury notes of the old issues, of the denomination below one hundred dollars, rated at *two-thirds the amount promised on the face.*" It seems to be assumed that a Government which is willing to sell its promissory paper for other promises of its own, with the deduction of only a third, is a Government that ought to inspire a great deal of gratitude and confidence. Yet Americans, whether loyal or rebel, will cling to their old-fashioned notions that it is not business-like to trust men who don't pretend to honor their engagements in full measure. If MEMMINGER'S five millions were actually sold at public auction on the 26th of May, as advertised, they must have gone dog-cheap. It is not singular that directly afterward should come the announcement that the treasury is without a dollar.

The Richmond papers intimate that the Congress adjourned because the noise of GRANT'S cannon was not agreeable to their nerves. Doubtless this little fact had a certain influence. It would be natural for a pack of proscribed traitors, in such circumstances, to feel like putting distance between them and danger. But there was something besides GRANT'S cannon to frighten. The impulse must have been quite as strong to run away from the job of finding money for the Confederate Treasury. It was a task beyond mortal art; and when it was absolutely forced upon them, it is no wonder that they incontinently took to their heels—the usual resort of men when at their wits' end.

What could the Congress do? They could not meet the demands of the treasury by increasing taxation, inasmuch as taxation would yield nothing but an additional supply of worthless paper. They have already made the attempt to establish a new currency which should have some value, but it has failed. In the very nature of the case, it could not result otherwise. Paper money has no value but in the trust-worthy promise to redeem it. The new issue of Confederate money carried with it a virtual repudiation of the old issue; and thereby its very appearance was a public attestation that the Confederate Government did not redeem its promises. Instead of giving a better currency, as was intended, it still more weakened the credit of the concern. The new issue is as worthless as the old; and the bonds and certificates of indebtedness, and every other form of credit have in like manner come to nothing. Clearly there is no resource left. Specie is the only money which has an intrinsic worth, and of that there is none in the Confederacy. Credit is the only thing which can give an artificial worth to paper money, and all the credit the Confederacy has is gone beyond resuscitation. If the legislators at Richmond were high magicians, they might have succeeded in putting money into the treasury; but being simply plain traitors, they did very well in taking French leave of Mr. MEMMINGER.

The Confederate Government is really bankrupt. It cannot pay its old debts, nor can it get trusted for new. Yet it will not do to suppose that it cannot manage to live, for all that. It in fact needs very little solid cash. It has no difficulty in paying its armies with its worthless paper. It can feed its armies easily enough from the heavy taxes upon the farmers, payable in produce, and from the impressment system. It can arm, and equip, and clothe, and provide medicines for its armies by its cargoes of cotton which are constantly running the blockade. The calculation is that about five out of six of the ships thus dispatched reach their destination. At present prices the cotton brings enormous returns, half of which go to the persons or companies shipping, and the other half to the Government. It is a great discredit to our Navy Department that during the three years the blockade has existed swift vessels have not been built to render the blockade complete. But there is no sign that there will be any improvement in this respect. The department is so thoroughly wedded to its old notions that we may as well take it for granted that the Jeff. Davis Government will continue to the end to supply its armies with the material of war in this mode. There can be no doubt in regard to the efficiency of these various methods of supplying the various wants of the rebel armies. It is the universal testimony of those who have the means of knowing, that the rebel soldiers in all parts of the seat of war are well fed, well clothed, and well equipped—better, by much, in this year of 1864, than ever before. This is the vital point. The life of the Confederacy is in its military organization. So long as the necessities of that organization can be met otherwise, the wants of the rebel treasury, though they may subject the rebel Government to some trouble, can have no fatal effect. All calculations that the rebellion will perish for the want of money are unwarrantable. The rebellion will thrive as long as its armies remain strong; and its armies will remain strong until they are broken down by the superior strength of the armies opposed to them.

But it does not follow that we ourselves are alike financially independent. Though the Jeff. Davis *régime* can maintain the war without money or credit, the National Government cannot. No impressment of food can be made by it, and it has no cotton or other export to exchange for clothing and arms and ammunition. It must buy its supplies with cash down, or with paper, redeemable in the future, and commanding confidence. The cash it derives from its customs, but this is necessarily absorbed in meeting the interest payments on the paper. Our ability to maintain the war now practically depends entirely on our ability to maintain the national credit. The enemies of the Government understand this perfectly, and are incessantly working to impair that credit. Every loyal man is in duty bound to do his utmost to uphold it.

The New Mexican Monarch.

The 28th of May was signalized by the arrival of MAXIMILIAN, of Austria, in what may now be called his new Mexican dominions. The *dénoument* of the invasion has been reached with notable speed. It is barely two years and nine months since the tripartite treaty of London was signed by France, England and Spain; and, looking back to that apparently harmless instrument, it is almost incredible that it should have turned out to be the actual prelude to so grand a tragedy as the overthrow of an independant Commonwealth of eight millions of people. Such is nevertheless the fact.

The tripartite treaty was the first practical step in the invasion; and the retreat of England and Spain at the very crisis of the joint expedition can barely be said to have relieved them either of the responsibility or deprived them of the questionable glory of the enterprise. It is true, France interpreted more truly than her allies the logic of the treaty of London. It is equally true that France made the chief sacrifice in thus accepting the logic of the agreement entered into. But without that agreement as a preliminary, neither the joint expedition, nor a single-handed assault by France herself, could have well been reckoned among the possibilities of our time. The formal conference of the three Powers over their mutual grievances, and the embodiment of these grievances in a joint protest, gave a certain legalizing character to the expedition against Mexico, as first projected, without which it would have been deemed more than hazardous to set the enterprise on foot at all. To the three Allied Powers, then, be ascribed the individual share of credit as is most justly their due. While France has had a special and extra share of the task assigned her, she claims, and will naturally be allowed, special and extra recompenses when the material fruits of the conquest come to be allocated. The moral acquisitions of the invasion, however, must be shared by all the high contracting parties alike.

MAXIMILIAN'S arrival, long delayed as it has been, appears to have been unexpected; for we are told that the favorite Frenchman of the new dynasty, Gen. ALMONTE, was absent from Vera Cruz at the auspicious moment, and had to be sent for by telegraph. Even the prefect and the civic deputation were caught napping, and had to be dispatched post haste to Loma Alta, a distance of forty-eight miles, in order to do their formal obeisance before the new monarch set foot on Mexican ground. Barring these minor mishaps, the arrangements for the reception seem to have been carried out with a fair share of success and no little enthusiasm. The Emperor addressed the Corporation in gracious terms, and in the purest Castilian tongue. The Empress looked charming, and expressed thanks to her subjects in a sweet, vibrating tongue, and in the genuine Mexican vernacular. The keys of the city were presented to the Emperor; and early on the morning after the landing of the royal transport in the bay, the Imperial train was hurried off to Soledad, en route for the capital of the empire.

We cannot, from the imperfect information before us, judge accurately of how much real enthusiasm entered into the welcome thus extended to the newly appointed Sovereign. Much of the service done on the occasion was doubtless perfunctory. Much of it was paid for in foreign coin. But when all this allowance is made, it is impossible, looking at the almost miraculous suddenness with which the conquest has been effected, and a monarchy claiming all but unlimited functions substituted for a free Republic, to avoid the conclusion that the mass of the people set but small store by their previous Government. It is more than the outside world will readily believe, that eight millions of free people, if thoroughly attached to their institutions and loyal to themselves, should have succumbed in less than thirty months to an invading army of fifty thousand Europeans—fighting against the thousand disadvantages of climate, of imperfect topographical knowledge, and total ignorance of the ways and means of Western guerrilla warfare. It is even difficult to refer a revolution so complete altogether to the internal distractions created by the reactionaries in favor of the invaders. We must assume, indeed, that the Government under JUAREZ, from whatever cause, had no thorough hold upon the regard of even a strong majority in the country; that its concentrative and cohesive power was gone almost from the moment the tricolor was first raised on the walls of San Juan d'Ulloa.

It is true the conquest is not yet complete, but it is difficult to feel sanguine over the recuperative energy of a community which thus consigns its interests to the hands of a usurper with only a fitful and incoherent struggle against its miserable fate.

The Ratification Meeting.

A meeting assembles this evening at Cooper Institute, to ratify the nominations of LINCOLN and JOHNSON. The renomination of President LINCOLN was so much a matter of course and so universally anticipated, that there is no room and no occasion for that effervescent enthusiasm which greets the selection of a new name. But the public judgment thoroughly and heartily ratifies the action of the Baltimore Convention, and we doubt not a large audience will assemble to give formal expression to this sentiment. Mr. MAYNARD, of Tennessee, an eloquent and able speaker, will be able to give a full and reliable report of the claims and merits of ANDREW JOHNSON, and Gov. WRIGHT, of Indiana, will probably also be present to speak on the general features of the opening canvass. Besides these, local speakers will also be in attendance.

THE SPANISH DIFFICULTY WITH PERU.—The news which we publish this morning from the South, is chiefly of interest as showing not only the unabated vigor with which the Government of Peru is putting itself in an attitude to repel the threatened attack on its independence by Spain, but also the spirit of enthusiasm with which the sister Republics have taken up the cause of Peru. Troops are being raised and drilled all over the country. Peruvian agents have been sent as far as California to procure the *materiel* of war; an iron-clad is in process of construction at Callao, and at that place important defensive works are in course of construction. The United States of Colombia formally declare that they will make common cause with Peru. In Valparaiso the authorities have forbidden the exportation of provisions, coals, &c., for the Spanish fleet in the Pacific; and the Government had also put an embargo on a vessel with a large quantity of powder on board, supposed to be for Admiral PINZON'S fleet. Everywhere, indeed, the excitement and the enthusiasm on behalf of Peru was intense. Everything betokened an early retreat by the Spanish agents from their present dangerous and untenable ground.

Amusements.

NIBLO'S SALOON.—An interesting concert will be given at this establishment to-night, in aid of a very meritorious object. It is for the benefit of the widow of Lieut. FRANK B. BOUDINOT—one of the brave fellows who met his death at the battle of the Wilderness. Lieut. BOUDINOT was formerly connected with the Academy of Music, but became a volunteer in the cause of his adopted country. Mrs. BOUDINOT, too, has done good service in the hospitals of the army, and was acting as nurse when the news of her husband's misfortune came to her. These circumstances are surely worthy of remembrance, and will contribute, we hope, to the attendance to-night. The programme itself is very good, and will be interpreted by Mme. de Lussan, Signorita Morenai, Signor Morelli, Mr. Heller, (piano,) Mr. Yelhear and Mr. Geo. F. Bristow (conductor.)

Court of Appeals.

ALBANY, Tuesday, June 14.

In the Court of Appeals, the day callenday for Wednesday, June 15, is as follows: Nos. 6, 7, 8, 9, 10, 11, 12, 13, 15 and 17.

The Erie Canal.

ALBANY, Tuesday, June 14.

Lock No. 18, at Cahoes, on the Erie Canal, gave out again on Saturday, and after some hours' delay was got into working order. Fears are now even entertained that it must be taken down and rebuilt; if so, the delay to navigation will be fifteen to twenty days.

The New Arctic Expedition.

NEW-LONDON, Ct., June 14.

The ship *Montecello*, of this place, which is to take out HALL'S New Arctic expedition, will not be ready before the 20th inst.

NEWS FROM WASHINGTON.

Special Dispatches to the New-York Times.

WASHINGTON, Tuesday, June 14—10:30 P. M.

THE CONSTITUTIONAL AMENDMENT RESOLUTION.

By common consent, the constitutional amendment resolution will be brought to a vote to-morrow afternoon. The chances for its adoption appear slim; though some of its opponents, fearful of the record, may dodge by absenting themselves. Twenty or more speeches were delivered to-day pro and con.

THE MEXICAN QUESTION.

The Senate Committee on Foreign Affairs had a heated discussion to-day on the Mexican question. No conclusion was arrived at. It will be taken up again at an early day.

TARIFF BILL.

The Senate Committee on Finance finished up the Tariff bill to-day, and it is now being printed. Many important changes were made. The duty on all spices is stricken out. This was done at the suggestion of dealers from various sections of the country.

TAX BILL.

The Tax Bill was finally completed to-day, and is now ready to be reported. Its consideration will be deferred till the last of the week. The committee concurred in about one-third of the Senate amendments, and as the rest were not concurred in it will, of course, go before the Committee of Conference.

RATIFICATION MEETING.

A ratification meeting will be held to-morrow evening in front of the Patent Office, by the Executive Committee of the National Union League and friends of the Union, to ratify the nominations of LINCOLN and JOHNSON for President and Vice-President. The following distinguished gentlemen will address the meeting: Hon. Wm. D. Kelly, Pennsylvania; Henry S. Lane, Indiana; Hon. J. W. Patterson, New Hampshire; Hon. C. B. Denio, California; Hon. Robert C. Schenck, Ohio; Hon. Jacob M. Howard, Michigan; Hon. A. W. Randall, Wisconsin; Rev. W. G. Brownlow, Tennessee. The following gentlemen have also been invited to be present, and many of them will probably accept the invitations: Hon. D. S. Dickinson, New-York; Maj.-Gen. John A. Dix, Rev. Henry Ward Beecher, Hon. John A. Andrew, Hon. John Brough, Hon. Columbus Delano, Hon. A. W. Bradford, Hon. Henry Winter Davis and others.

PRESIDENT LINCOLN TO VISIT THE PHILADELPHIA FAIR.

President LINCOLN, accompanied by Mrs. LINCOLN, will visit Philadelphia on Thursday to attend the Sanitary Fair.

ADDITIONAL PAY FOR IRON-CLADS.

The question of granting additional pay to contractors for iron-clads and floating batteries is now before the House Naval Committee. Mr. EAMES argued before the committee to-day in favor of granting their claims.

AN ARRIVAL FROM WHITE HOUSE.

The steamer *Admiral Dupont* arrived here to-day from White House, which place she left on the morning of the 13th. Guerrillas were becoming troublesome in the vicinity of White House.

REBEL PRISONERS.

Eight prisoners of war, captured near Locust Grove, Va., by a detachment of the Thirteenth Massachusetts Cavalry, under command of Lieut. HAWKINS, arrived here to-day. Four of them belonged to the Fifty-third North Carolina, one to the Forty-fifth North Carolina, and three to the Fifth Louisiana.

DEATHS OF SOLDIERS.

The following are among the deaths of soldiers reported to-day: Jefferson Kinsley, Company G, Seventh New-York Artillery; Andrew Rogers, Company G, One Hundred and Fifty-fifth New-York; Nelson A. Cox, Company B, Eighth New-York; Henry Gravelins, Company I, Thirty-ninth New-York; Woodley W. Bootey, Company F, One Hundred and Twelfth New-York; Wm. Dillon, Company A, Tenth New-York; Humphrey Jones, Company C, First New-York Dragoons; B. A. Bride, Company B, Eighty-eighth New-York; Jas. Ennis, Company K, Eighth New-York Heavy Artillery; Francis Long, Company C, Fourteenth New-York Artillery; Fredk. Stringer, Company A, First New-York Sharpshooters; Jas. Baldwin, Company I, Tenth Massachusetts; John K. Vennugg, Company F, Thirty-seventh Massachusetts; Thos. Cooper, Company C, Nineteenth Massachusetts; Jos. Jones, Company F, Twelfth New-Jersey; Chas. B. Allen, Company D, First New-Jersey Artillery; Hiram Mattover, Company D, Second Connecticut Artillery; Columbus Milner, Company M, Sixth Ohio Cavalry; Thos. Mathews, Company D, Eighth Ohio Cavalry; Horace D. Davis, Company D, Fifth New-Hampshire.

Dispatches to the Associated Press.

WASHINGTON, Tuesday, June 14.

THE TARIFF BILL.

The Tariff Bill was reported by the Senate Finance Committee to-day. The rate of taxation, when changed, is increased in most cases.

Reduction is made in scrap iron from $9 to $7 per ton; on scrap lead from 2 to 1½ cents per pound. Increase is made in duty on the following items: Woolen cloth changed from 35 to 40 per centum ad valorem; flannels from 18 to 24 per centum; several classes of cotton manufactures from 15 to 20 per centum; flax or linen yarns for carpets, from 25 to 30 per centum; manufactures of Sisal grass, from 25 to 30 per centum; spun silk, from 25 to 40 per centum; china and porcelain ware, from 40 to 45 per centum; gutta-percha, from 35 to 40 per centum; meerschaum and other pipes, from 50 to 75 per centum; teas, 10 per centum advalorem, in addition to 20 cents per pound; wood-screws, from 6½ to 9 cents and from 9½ to 12 cents; manufactures of steel, from 35 to 40 per centum.

The first-class in wools is extended to such as are worth 13 instead of 12 cents per pound, and a fourth class is made with wool exceeding 32 cents per pound, at 12 cents per pound and 10 per cent. advalorem.

The following items are added: Saltpetre, 2½c. per pound; strychnine in salts, 1½c. per pound; playing cards, 25c. and 35c. for different styles; patterns of lastings, mohair, &c., for shoes and slippers, 10 per cent. ad valorem; whiting and Paris white, 1c. per pound; whiting ground in oil, 2c. per pound; cylinder and crown glass in classes from 2½ to 40c. per square foot; opium for smoking, 100 per centum.

The change in the tax on cigars is as follows: Cigars of all kinds valued at $15 or less per thousand 75 cents per pound, and 20 per centum ad valorem; valued at over $15 and not over $30 per thousand $1 25 per pound, and 30 per centum ad valorem; valued at over $30 and not over $45 per thousand $2 per pound, and 50 per centum ad valorem; valued at over $45 per thousand $3 per pound, and 60 per centum ad valorem; provided that paper cigars or cigaretts, including wrappers, shall be subject to the same duties imposed on cigars.

A new section requires the owner or consignee, when he shall verify to the Collector his entry of goods, to make addition to the cost to raise the same to the market value, and if the Collector's appraisement exceeds by two per centum the declared value, a duty of 20 per centum will be charged.

Another section fixes the value of imported goods at the valuation at the last port of shipment.

THE CASE OF DR. YOKUM.

The President sent a message to the Senate to-day, accompanied by a communication from the Secretary of War, in answer to the resolution from that body, in which it appears that one WILLIAM YOKUM, of Cairo, Ill., found guilty of kidnapping a negro man in the employ of the United States, and, for fifty dollars, delivering him to one GANT, of Kentucky, is now in the Penitentiary at Albany, serving out the sentence at hard labor. It seems that owing to an appeal from Representatives Green Clay Smith, Lucien Anderson and W. H. Randall, and Ex-Representative S. L. Casey, the President indorsed their request, as follows: "WILLIAM YOKUM, herein named is hereby pardoned, February 16, 1864," and subsequently added, after making the above entry for pardon: "Upon representations made by the Secretary of War, I suspended action in the case.

BLOCKADE-RUNNER DESTROYED.

The Navy Department has been informed that on the 2d inst. the United States steamer *Wamsutta*, stationed at Georgetown, S. C., chased a side-wheel steamer until she ran ashore, which proved to be the *Rose*, of London, with an assorted cargo. After further effort to get the *Rose* afloat, she was destroyed.

CONFIRMED.

The Senate has confirmed the nomination of Brig.-Gen. JOHN BUFORD, deceased, to be Major-General in the volunteer force from the 1st of July, 1863, and Col. SELDEN CONNER, of the Nineteenth Maine Volunteers, to be Brigadier-General in the volunteer force June 11, 1864.

TRANSFER OF HOSTAGES.

Eight prisoners, held as hostages for Union citizens, now in the hands of the rebels, will to-morrow be transferred to Fort Delaware.

A FALSE STATEMENT CORRECTED.

It has been stated in distant papers that the Ohio hundred-day regiments which recently arrived here, becoming mutinous, refused to go to the front. This is uncorrect. They went with as much willingness as any other soldiers during the war.

PROCEEDINGS OF CONGRESS.

SENATE.

WASHINGTON, Tuesday, June 14.

LAND GRANT TO CALIFORNIA.

Mr. HENDRICKS, of Indiana, (Dem.,) from the Committee on Public Lands, reported favorably on the bill to grant to California the four hundred acres of land connected with the Penitentiary of the State, and it was passed.

THE TARIFF BILLS.

Mr. FESSENDEN, of Maine, (Union,) from the Committee on Finance, reported back the bill from the House increasing the duties on imports and the Tariff Bill, with several amendments.

IDAHO.

Mr. WADE, of Ohio, (Union,) called up the House bill to amend the act to provide a temporary Government for the Territory of Idaho. It authorizes a reapportionment of the Territory under a new enumeration to be made of the inhabitants, and fixes the election for the 2d of October. The bill was passed.

INTERNAL IMPROVEMENTS.

The following House bill was, on motion of Mr. CHANDLER, called up and passed, after striking out certain clauses:

The bill as amended provides that there be appropriated $250,000 to be expended under the direction of the Secretary of War in reparing the public works connected with the harbors on Lakes Champlain, Ontario, Erie, St. Clair, Huron, Michigan, and Superior, so far as the same may in his judgement be necessary; that there also be appropriated $100,000 for reparing such of the public works on the seaboard as may in the judgement of the Secretary need such expenditure.

At 12:30 o'clock the special order came up, viz.: the bill to ascertain and settle private land claims in California, involving the great Miranda grant.

The pending motion, indefinitely to postpone, was carried, and was thus, after the consumption of much time in repeated debate, got rid of.

THE MEXICAN QUESTION.

The following resolution was proposed by Mr. MCDOUGALL, of California, (Dem.:)

Resolved, That the people of the United States can never regard with indifference the attempt by a European Power to overthrow by force, or supplant by fraud, the institutions of any Republican Government on the Western Continent; and that they will view with extreme jalousy, as menacing to the peace and independence of their own country, the efforts of any such Power to obtain new footholds for Monarchical Governments, sustained by foreign military force, in near proximity to the United States.

Mr. CONNESS objected to its present consideration, and it was laid over.

THE TAX BILL.

Mr. FESSENDEN, from the Finance Committee, reported the House bill imposing an additional duty on imports, (the Tax Bill,) which, as amended, was ordered to be printed, preparatory to action to-morrow.

THE FORTIFICATION BILL.

The Fortification Bill was called up by Mr. FESSENDEN, with the Senate's amendments thereto.

Some debate ensued on the amendment appropriating money for certain improvements in Boston Harbor.

Mr. WILSON, of Massachusetts, (Union,) opposed striking out of the bill the appropriation for Great Brewster's Island and for Deer and Sewell's Islands in Boston Harbor. The action of the sea was destroying these islands and endangering the harbor. It was of vital importance that the incroachments of the sea upon the harbor of Boston should be arrested, and the Senate should concur with the action of the House.

Mr. SUMNER also opposed the amendment at some length.

The amendment of the Senate was agreed to.

An amendment, appropriating $177,000 for the defences of California, was offered by Mr. CONNESS, who said the Government contemplated no aggression, but simply to provide for defence against aggression from any foreign Powers whatever. It was highly important that the State should be saved for the Union.

Mr. NESMITH, of Oregon, (Union,) said the fortifications of the State were utterly insufficient.

The amendment was agreed to, and the bill passed.

WISCONSIN FINALLY RELIEVED.

The joint resolution for the relief of the State of Wisconsin was called up, and after considerable debate passed.

THE GOLD BILL.

The Gold Bill, with the amendments of the House thereto, was, on motion of Mr. FESSENDEN, taken up and read, and as amended was ordered to be printed, so as to be examined and considered to-morrow.

THE SOLDIERS' PAY BILL.

On motion of Mr. WILSON, the Senate adhered to its amendments to the bill equalizing the pay of United States soldiers, and agreed to a new Committee of Conference.

BUREAU OF FREEDMEN'S AFFAIRS.

On motion of Mr. SUMNER, the House bill to establish a Bureau of Feedmen's Affairs, as reported by the Select Committee with amendments, was taken up, and after some debate, and some amendments to the bill, the Senate adjourned.

HOUSE OF REPRESENTATIVES.

THE CONTRACT WITH THE OVERLAND MAIL COMPANY.

WASHINGTON, Tuesday, June 14.

Mr. ALLEY, of Massachusetts, (Union,) from the Committee on the Post-office and Post Roads, reported a joint resolution empowering the Postmaster-General, in his discretion, to extend the mail contract with the present contractors, commonly known as the Overland Mail Company, from the 1st of July, at existing rates.

Mr. ALLEY said that it was considered best for the interest of all parties, that the contract should be extended one year, as in the present state of the currency it was impossible to determine what the service may be worth. The Postmaster-General had advertised for bids, and the time expires to-morrow. Hence the importance of prompt action on the resolution.

Mr. STEVENS, of Pennsylvania, (Union,) desired its postponement, in order that it might be ascertained what the bids are.

Mr. SHANNON, of California, (Union,) said that while the mail service from Salt Lake to California is well performed, the service this side is a notorious failure and outrage. There ought to be more efficiency and responsibility.

Mr ALLEY replied that what the gentleman (SHANNON) had stated had nothing to do with the pending proposition which provided for continuing the contract only for one year, whereas if the contract, under bidding, was awarded for four years, the contractor might obtain a much larger sum. The passage of the resolution would have saved hundreds of thousands if not millions of dollars to the Government.

The resolution was read twice, but as objection was made to the third reading because the bill had not been engrossed, it went to the Speaker's table.

THE GOLD BILL.

The House then reconsidered the vote by which recently the Senate Gold Bill was laid upon the table.

Mr. FERNANDO WOOD, of New-York, (Dem.,) asked unanimous consent to speak ten minutes upon the subject.

Mr. SPAULDING, of Ohio, (Union,) objected.

The House first voted on the amendment heretofore offered by Mr. DAVIS, of New-York, namely:

Provided, moreover, that during the operation of this act the laws of trade and gravitation be and the same are hereby suspended.

This was voted down amid much laughter.

Mr. HOOPER'S substitute for the first section of the bill was then agreed to.

The bill was then passed by the following vote: Yeas 76, nays 62.

It provides as follows:

That it shall be unlawful to make any contract for the purchase or sale and delivery of any gold coin or bullion to be delivered on any day subsequent to the day of making such contract, or for the payment of any sum, either fixed or contingent, in default of the delivery of any gold coin or bullion, or to make such contract upon any other terms than the actual delivery of such gold coin or bullion and the payment in full of the agreed price thereof on the [illegible] on which such contract is made, in United [illegible] notes or national currency and not otherwise, or to make any contract for the purchase or sale and [illegible] of any foreign exchange, to be delivered at any [illegible] beyond ten days subsequent to the making of such contract, or for the payment of any, either fixed or contingent, in default of the delivery of any foreign exchange, or upon any other terms than the actual delivery of such foreign exchange within ten days from the making of such contract, and the immediate payment in full of the agreed price thereof on the day of delivery, in United States notes or national currency, or to make any contract whatever for the sale and delivery of any gold coin or bullion, of which the person making such contract shall not at the time of making the same be in actual possession; and it shall be unlawful to make any loan of money or currency not being in coin to be repaid in coin or bullion, or to make any loan of coin or bullion to be repaid in money or currency other than coin.

SEC. 2. It shall be further unlawful for any banker, broker or other person, to make any purchase or sale of any gold coin or bullion, or of any foreign exchange, or any contract for any such purchase or sale at any other place than the ordinary place of business of either the seller or purchaser, owned or hired and occupied by him individually, or by a partnership of which he is a member.

SEC. 3. All contracts made in violation of this act, shall be absolutely void.

SEC. 4. Any person who shall violate any provision of this act, shall be held guilty of a misdemeanor, and on conviction thereof, be fined in any sum not less than one thousand nor more than ten thousand dollars, or be imprisoned for a period not less than three months nor longer than one year, or both, at the discretion of the court, and shall likewise be subject to a penalty of one thousand dollars for each offence.

SEC. 5. The penalty imposed by the fourth section of this act may be recovered in an action at law in any Court of Record of the United States, or any court of competent jurisdiction, which action may be brought in the name of the United States by any person who will sue for said penalty, one-half for the use of the United States, and the other half for the person bringing such action, and the recovery and satisfaction of a judgment in any such action shall be a bar to the imposition of any fine for the same offence in any prosecution instituted subsequent to the recovery of such judgment, but shall not be a bar to the infliction of punishment by imprisonment as provided by said fourth section.

SEC. 6. All acts and parts of acts inconsistent with the provisions of this act are hereby repealed.

CIVIL APPROPRIATIONS.

The House after the passage of the above bill went into Committee of the Whole on the bill making appropriations for certain civil expenses.

The bill makes appropriations for the survey of the coasts and the light-house establishment and other civil expenses. Some of the items being objected to by the majority of the members, a motion was made and carried by a large majority that the enacting clause be stricken out.

The bill was thus defeated. The House recommitted it to the Committee of Ways and Means.

EVENING SESSIONS.

On motion it was resolved that, until otherwise ordered, the House will daily take recess at 4:30 to 7:30 o'clock for business.

Mr. FENTON, of New-York, (Union,) stated that he was obliged to leave the House yesterday on account of ill-health, and his colleague (Mr. STEELE) kindly consented to pair with him. Mr. STEELE was now in his seat and he (FENTON) asked consent of the House that they should now both record their votes on the bill for the repeal of the Fugitive Slave Laws. Consent was given.

Mr. FENTON voted for, and Mr. STEELE against, the bill.

THE ANTI-SLAVERY CONSTITUTIONAL AMENDMENT.

The House resumed the consideration of the bill proposing an amendment to the Constitution to abolish Slavery throughout the United States.

Mr. PRUYN, of New-York, (Dem.,) denied the Constitution could be construed to enlarge its power so as to deal with matters beyond its reach.

Two-thirds of the States cannot take away the reserved rights of any State. If so, what was to prevent the absorption of territory. If one right or principle could be swept away, all could be destroyed under such a doctrine. States might be annihilated and monarchy substituted. Leave each State to say what is best for its own people and institutions.

Mr. FERNANDO WOOD, of New-York, said that this was no time for a change in the organic law. We were in the midst of civil war. The din of the conflict and the groans of the dying and wounded are sad evidences of the destruction around us. The entire people are involved directly or indirectly in the dreadful conflict. There was too much excitement in the public mind to admit of calm and cautious investigation. If such a change could be made in the Constitution, this was not the time for it. The effect of such an amendment would produce a revulsion widespread and radical in its character, and add to the existing sectional hostility, and, if possible, make the conflict more intense. Among his reasons for opposing the resolution, he said it proposed to make social institutions subject to the Government, and this was in antagonism to the principles which underlie our republican system. It was unjust. It was a breach of good faith, and not reconcilable even with expediency. It struck at property, and involved the extermination of the whites of the Southern States and the forfeiture of their property and lands to be given to the black race, who may drive the former out of existence. Was this the last scene of the bloody drama—a scene on which the civilized world would gaze with horror, and which would be left to the future as a warning to avoid civil war, with all its terrible atrocities? Mr. WOOD argued that the Constitution was a compact and a covenant, and that the control of the domestic institutions of the States was never delegated to the general Government, and could not be delegated excepting by the consent of all the States. In the course of his remarks he spoke of the War Democrats as political jackals, who had jumped into place. He could read many evidences to show that they had been the most intense against coercion. Certainly they are now erased from the memorials of the Democratic party, and lost to the respect of those who hold to its time-honored principles. The bloody and brutal policy of the party in power had well nigh destroyed all hope of the Union; but much might still be done, by recalling the ancient spirit of concession and mutual forbearance, with a view of restoring the Union as it was.

Mr. HIGBY, of California, (Union,) said that it was most cautiously provided that the National Legislature can make no such amendment. It may be proposed by Congress, but it must be ratified by the State Legislatures or by conventions of the people. Nothing could more clearly recognize State sovereignty. He would ask whether the gentlemen who have spoken against the proposition dare to submit the amendment to their several States. Slavery struck at the roots of our institutions and was a terrible evil. What rights had the institution, with two or three hundred thousand men in rebellion, which this Government was bound to respect? He laid down as a self-evident truth, that no government is republican in form or substance which tolerates the institution of Slavery. Such republicanism was born of hell. He refuted the assertion, which he characterized as a falsehood, that we commenced war upon the South. On the contrary, he showed from President BUCHANAN's Message, in January, 1861, that the Secessionists first began hostilities by seizures of fortifications and other public property. He justified President LINCOLN's Emancipation Proclamation as a proper blow against Slavery, which has come so near proving the death of the Republic.

Mr. KALBFLEISCH, of New-York, (Dem.,) spoke of the amendment as a radical change in the Constitution. Revering that instrument as he did, he should receive the mere suggestion of its amendment with grave doubts and misgivings. Before he could assent to the proposition, he must be convinced that it is indispensible to the future well-being of the country. He must be satisfied that it would restore peace and harmony to the Union, and that the present is the most auspicious time for its inauguration. This was a part of the scheme of fanaticism with a view of obtaining a new lease of power. He controverted the charges against the Democrats that they were in sympathy with secession. The cries of Copperheads, Secessionists, and such lying epithets, from the supporters of the Administration, had, in his candid opinion, done much to prolong a war which ought long ago have been ended, in conjunction with other acts, in the extreme disgraceful.

The House, at five o'clock, took a recess till half-past seven, for speech making.

EVENING SESSION.

A dozen members only were present.

Mr. SHANNON, of California, (Union,) argued that Slavery alone is responsible for the war. This curse could not be perpetrated consistently with freedom, and it became their duty to see it shall no longer exist as an element of disintegration and disruption. Slavery and barbarism are identical, and being antagonistic to our Constitution, he would for this, if for no other reason, vote for an amendment to abolish Slavery throughout the United States. He regarded Slavery as the "sum of all villainies." It was brutality vitiated, dishonestly corrupted. The day of concession to the slave power has passed. Dissolution of the Union and recognition of the Southern Confederacy or the immediate abolition of Slavery, is the issue, and the people must face the music. There can be no reunion with Slavery.

Mr. COFFROTH, of Pennsylvania, (Dem.,) said the proposition was intended to set loose four millions of ignorant and debased negroes to swarm the country with pestilential effect, thus following out wild and fanatical teachings. The question was whether Congress have the right to take from the people of the South their property. The passage of such an amendment would not only produce discord at the North, but strengthen and add virulence to the rebellion. They have no right to amend the Constitution to the destruction of the right of the people to hold property. While he strongly condemned those guilty of treason in the South, he said he must in truth denounce the party which furnished them with an excuse for rebellion, for the Abolitionists were the best friends of the Secessionists. It was fanaticism and sectionalism which had produced the present unhappy condition of affairs.

Mr. KELLOGG, of Michigan, (Union,) said it seemed to him the progress of the human race demands this amendment to the Constitution be made. The prosperity of the country calls for it, and those who avoid this duty are guilty of treason to human liberty and human rights. The Bible is the text-book of true democracy, and teaches us that governments should be for the happiness of the many, and not for an exclusive few. He earnestly advocated an amendment to the Constitution so as to sweep away the monster Slavery forever, and thus rid ourselves of a heretofore constant source of trouble. The rebels have no rights under the Constitution and laws, which they have set at defiance and refuse to obey.

Mr. ROSS, of Illinois, (Dem.,) defended the Democratic party, speaking of its patriotism, and saying it has a clear record and untarnished history, which will live as long as constitutional government shall endure. He was in favor of a national convention to settle and adjust by equal concession the question at issue, and of consolidating the armies North and South to reaffirm and vindicate the Monroe doctrine. If the politicians had been out of the way the people would have settled our difficulty long ago. How long, he asked were the bulls and edicts of Washington and Richmond to continue potential in the sacrifice of human life at the behest of these Governments, each of which was engaged in destroying the liberties of the people? He expressed hope that the Union-loving conservative men everywhere would unite in the Presidential election in order to transmit to posterity the legacy of a free Government.

Mr. HOLMAN, of Indiana, (Dem.,) said the pending bill having passed the Senate, it awaited the action of the House to become a law. A measure to change the organic law should receive a full, calm and dispassionate consideration. But this was not the time for amending the Constitution in any particular. There was never a party so profuse in its promises and so unfortunate in their fulfillment as the party in power. After a vast expenditure of men and money, the passage of the Confiscation Bill, and the issuance of Emancipation Proclamations, there was not even a reasonable success. He alluded to the Crittenden Compromise as a measure of peace which the Republicans opposed, but they would now vote for the pending proposition as a means of war. It was designed by a party platform to change the Constitution in a way never contemplated by its authors. Not only the manner but the time of bringing forward this amendment ought to make gentlemen consider and hesitate before they cast a fierce and exciting element into the Presidential election. The Constitution was sanctified in the hearts and judgment of the people, and was the only thing which prevented anarchy and disintegration everywhere, and around it the elements of peace could rally. Hence he wanted no violent hands to be laid upon it.

At 11 o'clock the House adjourned.

THE DESIGN FOR THE GETTYSBURGH MONUMENT DECIDED.—We understand that the committee to decide upon the design for the so-called "National" Monument at Gettysburgh have awarded the preference to the plan submitted by JAMES G. BATTERSON, Esq., of this city. Mr. BATTERSON had a large number of competitors from New-York and other cities, and the award of the committee is regarded as creditable to the taste and skill of the artist.

The monument is to be of white granite, resting on a pedestal of the same material. From the pedestal will spring four buttresses, which will support an equal number of statues. These statues will represent, respectively, War, History, Peace and Plenty. The crowning statue of the whole monument is to be a colossal bronze figure of the Genius of Liberty, which will be 15 feet high. Of the entire monument the height will be 50 feet.

The monument itself is to cost $50,000, but headstones and other things connected with the job will bring the entire bill up to something like $120,000.—*Hartford Times, June 13.*

THE GOVERNMENT LOAN
OF
$200,000,000.

THIS LOAN IS AUTHORIZED by Act of Congress of March 3, 1864, which provides for its REDEMPTION IN COIN, at any period not less than ten or more than forty years from its date, at the pleasure of the Government.

UNTIL ITS REDEMPTION, five per cent. interest is to be paid semi-annually, IN COIN.

SUBSCRIPTIONS TO THE LOAN are received by the National Banks in United States notes, or in such currency or other funds as are taken by them on deposit at par.

ITS EXEMPTION FROM STATE OR LOCAL TAXATION adds from one to three per cent. per annum to its value.

THE RATE OF INTEREST on this loan, although but five per cent. in coin, is as much greater in currency as the difference between the market value of currency and gold.

AS A RULE, the five per cent. specie securities of all solvent Governments are always at par or above, and currency now funded in the National Loan will be worth its face in gold, besides paying a regular and liberal per centage to the holder.

THE AUTHORIZED AMOUNT of this loan is two Hundred Million Dollars. The amount of subscriptions reported to the Treasury at Washington has been

$70,000,000.

SUBSCRIPTIONS WILL BE RECEIVED by the Treasurer of the United States at Washington, and the Assistant Treasurers at New York, Boston and Philadelphia, and by the

NEW-YORK, June 14, 1864.

I have made a chemical analysis of the Tropical Balsam prepared by Messrs. Carreno Bros. & Co., and found, after a thorough examination of it, that it is composed exclusively of vegetable substances—principally of gums and resins—possessing decided medicinal properties. It contains nothing that can prove deleterious to health when taken internally or applied externally; its astringent and healing properties being well calculated to stop hemorrhages and heal wounds, ulcers, &c.

☞ (Signed) JULIUS G. POHLE, M.D.,
Successor to Dr. Jas. R. Chilton & Co.,
Analytical Chemist.

Heads of families are advised to keep always this Balsam by them, in order to use it in time in cases of WOUNDS, HEMORRHAGES, BURNS, BRUISES, &c., thus obtaining an immediate cure, and saving time, sufferings, and money; also, those who are devoted to such occupations as expose them to danger, or require the use of instruments wherewith they may be injured in any way.

Price of bottles, 37 cents, and $1.

A PROCLAMATION.

And it came to pass in the reign of Abraham, whose surname was Lincoln, in the eighty and sixth year of the Independence of the States of America, that a mighty rebellion arose in that land.

And Abraham said unto Simon from the Keystone State, "Be thou my armor-bearer."

And Simon did as he was commanded, and marshaled immense hosts of young and valiant warriors from the East, even from the Kennebec; from across the great River Mississippi, and from beyond the Rocky Mountains—from every State called he some. And being of the kind whose hair curled not a little, they said:

"Those who have risen against us are cowards, and when they behold our banners they will surely run"—but they didn't.

And it came to pass these two mighty armies went forth to fight on the plains of Manassas.

And Simon's men, though valiant and brave, were smote hip and thigh, even so much that they hurried brilliantly back to lean on Abraham's bosom.

And many were slain, but more were wounded.

Then there was great commotion throughout the land. And Abraham called aloud upon the wise men and men of skill to save the sick and give new strength unto the wounded.

And, lo! there arose in the North one Drake, cunning in medicine, but of exceeding modesty.

And when Abraham and the people beheld the wonderful cures which were wrought by Drake, Abraham said: "My children must not suffer; give me thy drink to drink, and I will give it a name."

And so Abraham drank, and said there was nothing like it, not even in Sangamon County; that it was bitter to the lips yet good for the stomach; and because these were bitter times in fighting the masters of the plantations, it shall for evermore be called Plantation Bitters, and so it has been.

And the wonderful work which it has performed is witnessed at this day in every town, parish, village and hamlet, where the habits of civilization produce dyspepsia, where war creates accidents, and where climate or exposure destroys strength and appetite.

And he said: "Let it be proclaimed throughout the length and breadth of the land, from the valleys and mountain-tops, that all who suffer from fevers, dyspepsia, weakness, loss of appetite, nervous headache and mental despondency will find relief through the Plantation Bitters. They add tone to the stomach and brilliancy to the mind, of which I, O people, am a living example."

And Drake did as he was commanded, and got him a place in the great City of New-York. And as many as came in unto him were healed and went on their way rejoicing.

GENERAL INTEREST.
It is predicted that the sales of
HAUNTED HEARTS
will far exceed that of the famous story,
THE LAMPLIGHTER.
The interest of the new book begins with the first chapter, and is kept up through its five or six hundred pages.
A Boston paper says:
"'Haunted Hearts,' the new novel, is spoken highly of, and placed by prominent critics above 'The Lamplighter,' by the same author. The Springfield *Republican*, one of the best journals in the country, says that 'Haunted Hearts' is a straightforward, vigorous story, with a few marked characters, clearly and forcibly drawn. They make some two columns of extracts."

THIS DAY PUBLISHED:
CHAPLAIN QUINT'S ARMY NOTES.
THE POTOMAC AND THE RAPIDAN.
ARMY NOTES.
From the Failure at Winchester to the Reinforcement of Rosecrans—1861-3.
By ALONZO H. QUINT,
Chaplain of the Second Massachusetts Infantry.
One volume, 12mo.
WITH A MAP OF THE VIRGINIA CAMPAIGN.
Mr. Quint is widely known as one of the most popular and efficient of Army Chaplains, and probably no army letters have been so generally read and commended as his. His style is peculiarly racy, while his statements are reliable and his views comprehensive. "The Potomac and the Rapidan" is one of the most interesting volumes pertaining to the Rebellion yet published, embracing many new and brilliant details of the campaign in the Shenandoah Valley under Gen. Banks, and of service under Pope, Hooker, McClellan, Burnside and Meade.
Orders from the trade solicited.

A CARD.
The proprietors of ROMAINE'S CRIMEAN BITTERS are impelled by a sense of duty to say to the public, that their preparation is radically a distinct thing from the vulgar and injurious mixtures sold as bitters, and which are within the capacity of a skillful bar-server to compound.
Crimean Bitters have undergone the severe ordeal of trials in the United States Hospitals at Newark, New-Jersey, and Washington, D. C., with the approval of the
SURGEON-GENERAL,
and every United States Surgeon who participated in the trials.
Pleasant to the palate above every other bitters, yet the rock upon which they rest are the medicinal effects—a tonic and alterative combined. A column would not contain the testimonials we have received from United States Army Surgeons and others of the highest respectability and social position. Sold by wine-dealers and druggists.

CATARRH CURED.
THE CASE OF HUTCHINGS, THE "LIGHTNING CALCULATOR."
There was published in these columns a few days since the remarkable cure of Hutchings, the "Lightning Calculator," so well known to the public during the many years he exhibited his wonderful arithmetical powers at Barnum's Museum, by the celebrated Oculist and Aurist, Dr. Von Eisenberg, of this City. Hutchings is represented to have been at the point of death, and but for the timely interference of the Doctor, would now be resting in his grave. This is a remarkable case, and worthy of the attention of persons similarly afflicted.
We think it is but just to Doctor Von Eisenberg to call public attention to this case. There are hundreds in the community suffering from catarrh, who, like the "Lightning Calculator," if not actually praying for death, are ready to accept of anything that promises to relieve them from their distresses. To such we would say, trifle not with inexperienced men, but consult, without unnecessary delay, Dr. Von Eisenberg, who, at least, has the honesty to assure his patients whether it is within his power to make them whole or not.

DEAFNESS CURED.
From the Tribune.
EARS TO THE DEAF.
Every man, and especially every woman, believes in his or her physician. There are philosophical minds which hold to an abstract faith in Allopathy, or Homeopathy, or Hydropathy, or some other form of scientific cure; but with the world at large the belief is not in the system, but in the doctor. Especially is this true as regards aurists and oculists. The patient who has recovered his sight or his hearing is sure that the blessing could have been restored to him by no other practitioner than that particular one by whom his eyes or ears were opened. Dr. Von Eisenberg is among our best-known aurists. He has not lent us ears as a brother practitioner has eyes, and in whose skill, therefore, we believe above all others. But we hear of him from those who esteem him not merely as a surgeon, but as a benefactor. A recent case has been related to us, for the truthfulness of which we can vouch, though we can name no names. The patient was a lady who had been deaf from infancy, as a consequence of some of the ailments to which children are liable. Latterly the disease had taken an acute form, and the patient was subject to intense suffering. The deafness was rapidly becoming complete, and the general health breaking down under the physical exhaustion attendant upon constant pain. Ordinary remedies and ordinary advice were useless, and Dr. Von Eisenberg was called in. We need not repeat his diagnosis, for that would be only a list of hard names to the general reader. But he detected at sight the seat of disease, first in one portion of the organism, then in another, and with manipulation as skillful as his insight was accurate, he removed the causes, and she who, from infancy, had heard with difficulty, and latterly hardly at all, was restored first to perfect hearing and then to perfect health. Dr. Von Eisenberg's advertisement reminds us of this case, which we thus briefly relate, though not at his solicitation. Let him that hath not ears, hear.
From the Christian Times.
SIGHT RESTORED.
CONCERNING EYES AND OCULISTS.
Of the five senses, that which we call seeing is the most important and most valued. In proportion as this sense fails us, we are reduced to helplessness. If entirely destitute of sight, how slow would be our progress in knowledge, and how limited our sphere of action and usefulness. Endowed with it, the universe becomes a new creation, clothed with beauty and diversified by that infinite variety which never fails to attract the mind and heart.
For several months past this has been a practical subject to us. An inflamed condition of the eyelids communicating itself to the pupil, rendered the discharge of daily duties not only painful, but dangerous. Attributing it to the effect of a cold, we endured it through the Spring, with the hope that with the return of warm weather it would entirely disappear. But in this we were doomed to disappointment. Summer returned, but not our wonted sight. What might have been the result, either of further neglect or of incompetent treatment, we cannot say.
Stating our case to a friend, he assured us that a similar one in his own family had recently been treated with entire success by Dr. Von Eisenberg, of this City. Satisfying ourselves by more particular inquiries that the doctor is no empiric, but a scientific oculist and aurist, we concluded to seek the benefits of his treatment, which we have now reason to acknowledge is very great. Though but a few weeks under his care, the appearance of our eyes has totally changed. The pupil is now full and clear, and the lids are entirely free from inflammation. The doctor says that the optic nerve has been weakened and the retina assumed a chronic inflammatory state, affecting more or less all the other tissues, and threatening, if neglected, to end in Amaurosis. Opthalmitis, is the term we believe, which oculists apply to eyes affected as were ours. Having obtained the much desired relief, we take great pleasure in acknowledging our indebtedness to the talent of Dr. Von Eisenberg, and of calling to it the attention of others who may be suffering from a similar or even worse condition of their eyes. It is said that Providence provides an antidote for every bane. It is certain that the eye is, in these times, subject to severer trials than formerly. Let us be thankful, then, that as we increase the tendencies which destroy the organ of vision, the progress of science keeps pace with these tendencies, if not in advance of them.

PROPOSALS FOR LOAN.

TREASURY DEPARTMENT, June 6, 1864.

To insure the greatest possible vigor in the operations of the armies now moving against the insurgents, under brave and skillful Generals, upon a vast theatre of operations, expenditures have been increased beyond receipts from revenue and ordinary subscriptions to the National Loan.

Sealed offers will therefore be received at this Department, under the act of March 3, 1863, until noon of WEDNESDAY, the 15th day of June, 1864, for bonds of the United States to the amount of seventy-five millions of dollars, bearing an annual interest of six per centum, payable semi-annually in coin on the first days of July and January each year, and redeemable after the 30th of June, 1881.

Each offer must be for fifty or one hundred dollars, or some multiple of one hundred dollars, and must state the sum, including premium, offered for each hundred dollars in bonds, or for fifty, when the offer is for no more than fifty. Two per cent. of the principal, excluding premium, of the whole amount offered must be deposited, as guarantee for payment of subscription if accepted, with the Treasurer of the United States at Washington, or with the Assistant Treasurer at New-York, Boston, Philadelphia, or St. Louis; or with the Designated Depositary at Baltimore, Pittsburgh, Cincinnati, Louisville, Chicago, Detroit, or Buffalo; or with any National Banking Association authorised to receive deposits which may consent to transact the business without charge. Duplicate certificates of deposits will be issued to depositors by the officer or association receiving them; the originals of which must be forwarded with the offers to the department. All deposits should be made in time for advice of offers with certificates to reach Washington not later than the morning of June 15. No offer not accompanied by its proper certificate of deposit will be considered.

The Coupon and Registered Bonds issued will be of the denominations of $50, $100, $500, and $1,000. Registered Bonds of $5,000 and $10,000 will also be issued if required.

All offers received will be opened on Wednesday, the 15th of June, by the secretary or one of the assistant secretaries, and notice of acceptance or declination will be immediately given to the respective offerers; and, in case of acceptance, bonds of the descriptions and denominations preferred will be sent to the subscribers at the cost of the department, on final payment of installments. The original deposit of two per cent. will be reckoned in the last installment paid by successful offerers, and will be immediately returned to those whose offers may not be accepted.

The amount of accepted offers must be deposited with the Treasurer or other officer or association authorized to act under this notice on advice of acceptance of offer, or as follows: One-third on or before the 20th; one-third on or before the 25th; and the balance, including the premium and original two per cent. deposit, on or before the 30th of June. Interest to the 1st of July on the several deposits will be paid in coin on the 30th of June, and interest on bonds will begin July 1, 1864.

Offers under this notice should be indorsed "Offer for Loan," and addressed to the Secretary of the Treasury. The right to decline all offers not considered advantageous is reserved to the Government.

JUNE 9, 1864. R. B. GRAVES, No. 153 Chambers-st.

NOTICE.—TO THE STOCKHOLDERS OF THE UNION PACIFIC RAILWAY COMPANY EASTERN DIVISION, formerly called the LEAVENWORTH, PAWNEE AND WESTERN RAILROAD COMPANY, and all others whom it may concern: At a meeting of the Stockholders of the above named company, held at Leavenworth on the 4th and 5th days of April inst., the following preamble and resolutions were adopted:

Whereas, By the contract of four parts between this company, John C. Fremont, Ross, Steel & Co., and Edward Learned, approved by this meeting, large and valuable concessions of his interests as a stockholder have been made by said Fremont to promote the speedy construction of the road; and, whereas, it is probable that similar concessions may be agreed to by other stockholders; therefore,

Resolved, That the said Learned, as the financial agent of the company, be authorized and empowered to negotiate with any parties, who are the holders or are interested in the stock of the company, for the transfer and delivery to him, as financial agent of such, and so much of said stock as such parties may be willing so to concede—to be by him used, disposed of or distributed, in like manner and for the same purposes, as is in said agreement provided, with reference to the shares agreed to be transferred to him by said Fremont, and in consideration therefor, the said financial agent is authorized and empowered to mark and indorse upon the certificates of shares which may be retained by such shareholders, severally, or to which they may be entitled upon making any such transfers, that such retained or so entitled shares are full paid and not subject to assessment; *provided* that such marking or indorsement shall not be made as aforesaid in any case so as to apply or be of effect, as to more shares in this company than shall be equal to one-fourth of the number of shares so transferred to the said financial agent in pursuance hereof by such shareholders respectively, and thereafter all such marked or indorsed certificates shall be deemed full paid for the number of shares embraced in such indorsements respectively, and the stockholders making the concessions and transfers hereinbefore provided for shall forever after be held by the company free from any payments or liabilities for, or on account of, or in any manner relating to the shares which they shall so severally transfer to said financial agent.

Resolved, further, In case it shall occur that from any cause any of the shares which may be transferred to the financial agent as aforesaid, or in pursuance of the aforesaid contract, shall at any time be found to belong wholly or in part to any other person or party, than the person or party who shall have so transferred the same, the said financial agent shall be and hereby is authorized, to transfer to such person or party, as shall so be found to be the rightful owner thereof, the shares so erroneously transferred to him.

Resolved, That the holders of certificates, obligations, or other memoranda issued in the name or on behalf of the company, which are claimed to entitle such holder to full paid or unassessable shares of the capital stock, be notified by the directors, by public advertisement, or in such other manner as the directors may determine, to present the same, together with any evidences of their right to require such shares to be made full paid or unassessable as aforesaid, to the Executive Committee of the company, in the City of New-York, within sixty days next following the issuing of such notice respectively, in order that all such certificates, obligations, or memoranda may be adjudicated, and proper formal certificates be issued in lieu thereof, in so far as such holders shall be deemed to be entitled thereto, by said Executive Committee. In case any holder shall refuse or omit to present his certificate, obligation, or memoranda, as aforesaid, and for the purposes and within the time aforesaid, or in case any of the evidences furnished as aforesaid shall be deemed by the Executive Committee to be insufficient to entitle the holder to such full paid shares, the officers of the company shall thereafter refuse to recognize or admit any liability of the company to make or issue full paid shares, on account of any such particular certificates, obligations or memoranda, or to treat the same in any manner as full paid shares, except upon the claims of bona fide holders thereof being established by due process of law, or upon competent legal evidence that such claims are obligations on the company, in the event of any irregularity or defective equity in the claim of any holder of any such certificate, obligation or memorandum, the Executive Committee are hereby authorized to adjust the claims of any such holder, in such manner as said committee shall deem equitable, and to cause to be issued in settlement thereof such number of full paid shares as said committee shall so deem to be just and equitable.

Pursuant to the foregoing resolutions, and to directions of the Executive Committee, all persons interested are requested to transmit to the undersigned, at his office, No. 48 Pine-st., in the City of New-York, such statements, propositions and papers as will render the proposed benefits available to them respectively, and secure the same within the time prescribed in the resolution: viz. sixty days from the date hereof.

NEW-YORK, April 16, 1864.

NOTICE.—TO THE STOCKHOLDERS OF THE UNION PACIFIC RAILWAY COMPANY, Eastern Division, formerly called the Leavenworth, Pawnee and Western Railroad Company, and all others whom it may concern. At a meeting of the Directors of the above named company, held at Leavenworth, April 5, 1864, the following resolutions were adopted and ordered published:

Resolved, That an installment of 20 per cent. upon all stock issued or subscribed for is hereby called, payable at the option of the stockholders, either to John Kerr, Treasurer of the Company, at Leavenworth City, or to Edward Learned, Financial Agent of the Company, at No. 48 Pine-st., New-York, on or before the 20th day of May next, and that the Secretary is hereby directed to cause this notice to be published in two or more papers of general circulation in each of the States of Kansas and Missouri, and also in each of the cities of New-York and Washington.

Resolved, That all authority to any person or party heretofore conferred to act as an agent or representative of this company, or claimed to be possessed by any person or party, is hereby revoked and rescinded, and all agencies or authority hereafter shall only be exercised by persons or parties authorized or recognized by the present or future Board of Directors, and that the Secretary be directed to give public notice of the revocation herein contained.

COLUMBIA GOLD MINING COMPANY OF COLORADO.
CAPITAL 120,000 SHARES.
NOMINAL PAR $10 EACH.
SUBSCRIPTION PRICE $5 PER SHARE.

STOCK FULL PAID AND NOT LIABLE TO ASSESSMENT. LODES, THE CELEBRATED BOBTAIL, FISK AND other well-known claims, including also a TUNNEL CLAIM of 5,000 consecutive feet, or nearly a mile in length, directly on the Fisk Lode, commencing immediately opposite Black Hawk Point, at Black Hawk City, the whole property embracing 8,700 feet, of which 1,900 feet are developed claims and 1,800 feet opened and 5,000 feet tunnel claim, with a valuable quartz mill now running and in successful operation. The Bobtail and Fisk Lodes are considered the richest and best in the Territory, having yielded larger amounts of gold than any others in Colorado, which the following assay shows, made by Edward N. Kent, Esq., chemist, United States Assay Office, New-York: Mint value per ton of 2,000 pounds, Bobtail Lode, $744 46; is equal to $5,715 68 per cord; Fisk Lode, $341 21; is equal to $2,729 68 per cord. Beside the above the company own 467 feet of valuable water power, having 21 feet fall on North Clear Creek, half a mile below Black Hawk City. The great advantage possessed by this company is in having a mill now in successful operation, and at present producing from $1,000 to $1,500 per day, and in a short time the company will have additional improved machinery in full operation, capable of working 48 tons or six cords of ore per day from the BOBTAIL AND FISK LODES, which are yielding from $800 to $1,200 per cord, uniformly amounting from $4,800 to $7,200 per day. The company confidently expect to commence paying their first regular monthly dividend of ONE PER CENT. IN GOLD in October next, which is equal to 24 per cent. per annum, with gold at PAR upon the subscription price of $5 per share. The stock can only be had for a limited PERIOD at the first subscription price, and judging from the constant demand to obtain it for investment, it must RAPIDLY RISE IN VALUE. The attention of capitalists and others is called to this company, believing that no stock has been offered in the market that possesses more intrinsic MERIT, or is entitled to greater confidence in the community for a profitable, safe and permanent investment. For further information see the prospectus of the company.

Subscription books for only a limited number of shares will be opened at the office of ALBERT H. NICOLAY, Esq., No. 52 William-st., WEDNESDAY, June 22, at 11 o'clock A. MEDICAL.

DR. HUMPHREY'S
SPECIFIC HOMEOPATHIC REMEDIES
have been ten years before the public, and are used by thousands of families, and are everywhere commended for their simplicity, economy, and great curative value. A full case, with 35 large vials and book of directions is sold for $8, or sent to any address, free of charge, by express, on receipt of the price. Address Dr. F. HUMPHREYS, office and depot, No. 562 Broadway, N. Y.

PRIVATE DISEASES CURED IN THE shortest possible time, by DR. WARD & CO., No. 5 Lispenard-st., near Broadway, without the use of Mercury, loss of time or change of diet. Dr. WARD, from the hospitals of London, Paris and Edinburgh, is the discoverer of the only certain and reliable remedies for diseases of a private character. In 28 years' practice he has cured more cases of Secret Diseases and Wrong Treatment than all others combined. I can and will cure you in less time and at less expense than any other can or will, and those who have been robbed of their money and health, call; it will take but little money and time to restore you. If you have been unfortunate, call at once. By his special experience in this much neglected branch of medical science, he is enabled to guarantee a cure in the most complicated cases. Recent cases of Gonorrhœa or Syphilis cured in a few days, without change of diet or hindrance from business. Secondary Syphilis—the last vestige eradicated without the use of Mercury. Involuntary emissions stopped in a short time. Sufferers from impotency, or loss of sexual power, restored to full vigor in a few weeks, permanently and speedily cured by a new treatment. Persons at a distance failing to receive prompt treatment elsewhere, may get a permanent cure effected by writing a full diagnosis of their case, addressed to Dr. WARD, No. 61 Franklin-st. Call, send, or write.

MANHOOD AND THE VIGOR OF YOUTH regained in three days by DR. POWERS' ESSENCE OF LIFE. This wonderful agent restores manhood to the most shattered constitution, radically curing Seminal Weakness, Sexual Debility, and Impediments to marriage generally; Nervousness, Mental and Physical Incapacity, resulting from self-abuse, &c. The time required to cure the most inveterate case is one week. Failure is impossible. This life-restoring remedy should be taken by all about to marry, as its effects are permanent. Young man, are you subject to that soul and body destroying disease, secret habits? Dr. POWERS' Invigorating Essence is a never-failing cure. Sold by WALTER POWERS, M. D., No. 61 Franklin-st., between Broadway and Elm-st., New-York.

IMPORTANT TO THE MARRIED AND THOSE ABOUT TO BE MARRIED.—Dr. A. M. MAURICEAU, Professor of Diseases of Women, whose valuable book entitled "THE MARRIED WOMAN'S PRIVATE MEDICAL COMPANION," strictly intended for those whose health or circumstances forbid a too rapid increase of family, with full instructions for restoring the monthly sickness. Price $1. Sold at his office, No. 129 Liberty-st., New-York; or can be sent by mail, free of postage, to any part of the United States and Canada, by inclosing $1, and addressing Box No. 1,224 New-York City. DR. HUNTER'S RED DROP CURES CERTAIN diseases when regular treatment and all other remedies fail; cures without dieting or restriction in the habits of the patient; cures without the disgusting or sickening effects of all other remedies; cures in new cases in less than six hours. It roots out the poisonous taint the blood is sure to absorb unless this remedy is used. It is one dollar a vial, and cannot be obtained genuine anywhere but at the office, No. 3 Division-st., New-York City. A book that treats of the dreadful effects of early abuse. Two hundred pages. Sent by mail for ten three-cent stamps. Male and Female Preventive, five dollars.

DR. COOPER, NO. 14 DUANE-ST., MAY BE confidently consulted on all diseases of a private nature. A practice of 30 years, devoted to the treatment and cure of Syphilitic, Mercurial and diseases of a delicate nature, enables Dr. C. to make speedy and permanent cures, no matter of how long standing the case may be. Strictures of the urethra and seminal weakness brought on by a secret habit, effectually cured. The victims of misplaced confidence, who have been misled by quack advertisements, can call on Dr. C. with the certainty of being radically cured or no charge made.

DR. COBBETT, NO. 20 CENTRE-ST., BETWEEN Chambers and Reade sts., can be consulted with confidence on diseases of a private character. A practice of thirty-four years, three of which have been in the hospitals, of New-York and London, enables him to treat with success nervous and general debility. The victims of imposition can call on him with the certainty of being radically cured, or no charge. N. B.—See Dr. Cobbett's diplomas, in his office, as member of the New-York University Medical College, and College of Surgeons, London.

ADVICE TO MARRIED OR SINGLE LADIES, who require a safe and certain remedy for removing obstructions, from whatever cause. Can rely upon the celebrated INFALLIBLE FRENCH FEMALE MONTHLY PILLS, No. 1, price $1 a box, to restore the monthly sickness in forty-eight hours, if of short standing; but obstinate cases, of long standing, may require No. 2, which are four degrees stronger than No. 1, and can never fail, are safe and healthy, price $5 a box. Sold at No. 17½ Liberty-st., or sent by mail, with full instructions, by addressing Box No. 2,369 N. Y. Post-office.

DR. POWERS' PERIODICAL DROPS are designed for both married and single ladies, and are the very best thing known for the purpose, as they will bring on the monthly sickness in case of obstruction from any cause, and after all other remedies of the kind have been tried in vain. Expressly for obstinate cases. Warranted as represented in every respect, or the price will be refunded. ☞ Beware of imitations! Purchase directly of Dr. POWERS, 61 Franklin-st., N. Y.

ARMY SUPPLIES.

OFFICE OF COMMISSARY OF SUBSISTENCE,
No. 4 State-st., New-York, June 13, 1864.

SEALED PROPOSALS, IN DUPLICATE, WILL BE received by the undersigned until 4 o'clock P. M. on FRIDAY, the 17th of June, for supplying, for the use of the United States Army, SUBSISTENCE STORES, to be delivered in New-York or Brooklyn, as follows, viz.:

1,800 barrels NEW MESS or EXTRA MESS BEEF, in full-hooped oak barrels, with two iron hoops; bidders will state the brands, and will exhibit samples when practicable.

The Beef to be received at such Inspection-yards as shall be agreed to by the undersigned.

6,500 barrels of first quality extra superfine Southern, St. Louis or other brands of FLOUR, suitable for keeping in a warm climate. The brands and places of manufacture to be stated in the bids; the flour to be in [illegible] barrels; the barrels to be in good shipping order, full head-lined and bungs sealed.

1,[illegible]000 pounds of first quality PILOT BREAD, to be made of good sound Extra Ohio or other equally good, *well-branded* flour; crackers to be thoroughly [illegible] and perfectly dried before being packed, and in size, thickness, openness, &c., to conform to standard heretofore established; to be packed in boxes of 50 pounds bread to each box; boxes to be made of fully seasoned wood, of such kinds as will impart no taste or odor to the bread; bottom and top of single pieces, or, if two pieces, tongued and grooved together. Boxes to be strapped with light straps of suitable wood. The Flour and Bread will also be examined by the Inspector, who will reject all that in the quality of the flour, or in any other respect, is inferior to the standard samples. Bidders to state the location of their bakeries, when they can begin their deliveries, and how much bread they can deliver daily.

300,000 pounds of RICE, in clean, good, stout oak barrels, *like samples to be seen at this office.*

50,000 pounds first quality white flint-corn HOMINY, size Nos. 3 and 4, in well-coopered head-lined flour barrels.

1,000 bushels first quality SPLIT PEAS, 60 pounds to the bushel, to be packed in suitable barrels.

800,000 pounds FAIR to PRIME COFFEE.

Bidders are requested to name prices for furnishing it in either of six styles, as follows:

1. Green, in original bags.
2. Green, in barrels, like samples to be seen at this office.
3. Green, and packed in double sacks of one hundred pounds each.
4. Roasted, in double sacks, as above.
5. Roasted, in barrels, as above.
6. Roasted and ground, in barrels, as above, the barrels to be fully lined with strong paper.

Parties offering to furnish Coffee, either green or to be roasted, are required to send in full sized samples, in the green state, of all the coffee they propose to furnish, and will name the variety of coffee they offer.

30,000 pounds PEPPER (Black.) Bidders will please state the variety of pepper, as Sumatra, Singapore, Penang, &c., furnishing samples, and also state the price per pound at which they will have it ground, put up in four-ounce papers, and packed in boxes containing twenty-five pounds.

The extra expenses of the Government Inspector in inspecting pepper ground and packed out of this City, to be paid by the contractor.

The goods to be furnished as soon as practicable; bidders are requested to state the time when they can deliver.

Separate proposals, *in duplicate*, must be made for each article enumerated, and bidders may propose for the whole or any part of each.

Samples of all the articles, except the meats, must be delivered with the proposals, and referred to therein. Samples of Flour, Rice, Hominy, Peas and Pepper must be in neat boxes of card-board or tin, fully labeled, *and not in paper parcels.*

A printed copy of this advertisement must be attached to each proposal, and the proposals must be specific in complying precisely with all the terms. Each bid, to have consideration, must contain the written guaranty of two responsible names, as follows:

"We, the undersigned, hereby guaranty that should all or any part of the above bid be accepted it shall be duly fulfilled according to its true purport and conditions; also, that a written contract, with bonds to the amount of one-forth the value of stores proposed to be furnished, shall be executed, if required."

The seller's name, place of business, and the date of purchase, as well as the name of contents, with gross, tare and net weights, and shipping marks to be hereafter designated, must be plainly marked on every package. All other old marks must be obliterated. All boxes to be strapped with green hickory straps.

Certificates of inspection by professional packers or inspectors, *other than the party furnishing the provisions*, will be required for all the meats, certifying on the part of the seller their present quality and condition, and the immediately preceding inspection. The meats will also be examined and passed upon by Robert P. Getty, inspector on the part of the United States.

All the stores will be carefully inspected before their delivery and compared with the retained samples. Returns of weights, signed by a professional public weigher, must be furnished.

Payment, as heretofore, to be made in such funds as may be furnished by the United States.

Contractors are expected to hold their goods, without expense to the United States, until required for shipment.

Blanks for proposals will be furnished at this office, which must be inclosed in an envelope addressed to the undersigned, and indorsed "Proposals for Subsistence Stores."

Colonel, A. D. C. and C. S.

ORDNANCE OFFICE, WAR DEPARTMENT,
WASHINGTON, June 11, 1864.

SEALED PROPOSALS WILL BE RECEIVED at this office until MONDAY, the 27th day of June, 1864, for 24-pounder and 32-pounder Shell, to be delivered in the following quantities, at the undernamed arsenals, viz.:

24-POUNDER SHELL.

At the Watervliet Arsenal, New-York, 5,000.
At the New-York Arsenal, Governor's Island, New-York, 10,000.
At the Allegheny Arsenal, Pittsburgh, 5,000.
At the Washington Arsenal, D. C., 5,000.

32-POUNDER SHELL.

At the Watervliet Arsenal, New-York, 5,000.
At the New-York Arsenal, Governor's Island, New-York, 10,000.
At the Allegheny, Arsenal, Pittsburgh, 5,000.
At the Washington Arsenal, D. C., 5,000.

These projectiles are to be made of the kind of metal, and inspected after the rules laid down in the Ordnance Manual, the tensile strength to be not less than 14,000 lbs. per square inch.

They are to be made in accordance with the instructions given in the Ordnance Manual.

Drawings can be seen at any of the United States Arsenals.

The projectiles are to be inspected at the foundry where cast, and are to be delivered at the arsenals free of charge for transportation or handling.

Deliveries must be made at the rate of not less than one-tenth (1-10th) of the whole amount contracted for per week, the first delivery to be made on the 9th day of July, 1864.

Failure to make deliveries at a specified time will subject the contractor to a forfeiture of the number he may fail to deliver at that time.

Separate proposals must be made for each calibre.

Bidders will state explicitly the arsenal or arsenals where they propose to deliver, and the number of projectiles they propose to deliver at each place, if for more than one.

No bids will be received from parties other than founders or proprietors of works, who are known to the department to be capable of executing the work proposed for.

Should any party obtaining a contract offer shell other than those cast in his own foundry, they will be rejected, and the contract rendered null and void.

GUARANTEE.

The bidder will be required to accompany his proposition with a guarantee, signed by two responsible persons, that in case his bid is accepted, he will, at once execute the contract for the same, with good and sufficient sureties, in a sum equal to one-tenth of the amount of the contract, to deliver the article proposed in conformity with the terms of this advertisement; and in case the said bidder should fail to enter into the contract, they to make good the difference between the offer of said bidder and the next lowest responsible bidder, or the person to whom the contract may be awarded.

The responsibility of the guarantors must be shown by the official certificate of the clerk of the nearest District Court, or of the United States District-Attorney.

Bonds, in the sum equal to one-tenth of the amount of the contract, signed by the contractor and both of his guarantors, will be required of the successful bidder or bidders upon signing the contract.

FORM OF GUARANTEE.

We, the undersigned, residents of ———, in the County of ———, and State of ———, hereby jointly and severally covenant with the United States, and guarantee in case the foregoing bid of ——— be accepted, that he or they will at once execute the contract for the same with good and sufficient sureties, in a sum equal to one-tenth of the amount of the contract, to furnish the articles proposed in conformity to the terms of the advertisement dated June 11, 1864, under which the bid was made, and, in case the said ——— shall fail to enter into a contract as aforesaid, we guarantee to make good the difference between the offer of the said ——— and the next lowest responsible bidder, or the person to whom the contract may be awarded.

Witness, { Given under our hands and seals this ——— day of ———, 186
[Seal.]
[Seal.]

To this guaranty must be appended the official certificate above mentioned.

Each party obtaining a contract will be obliged to enter into bond with approved sureties for its faithful execution.

Upon the award being made, successful bidders will be notified and furnished with forms of contract and bonds.

The department reserves the right to reject any or all bids if not deemed satisfactory.

Proposals will be addressed to "Brig.-Gen. George D. Ramsay, Chief of Ordnance, Washington, D. C.," and will be indorsed "Proposals for 24-pounder and 32-pounder shell."

GEORGE D. RAMSAY,
Brig.-Gen., Chief of Ordnance.

CHICKERING & SONS

MANUFACTURERS OF GRAND, SQUARE, AND UPRIGHT PIANO-FORTES, No. 652 BROADWAY.—The superiority of these instruments has of late been amply demonstrated by the voluntary testimony of the foremost artists of the day, who claim for them excellencies of tone and workmanship hitherto unobtained by any other makers.

MR. GOTTSCHALK'S constant use of the NEW SCALE CHICKERING GRAND PIANO-FORTES has severely tested their musical qualities, and resulted in establishing the justice of the very flattering estimation in which they are held.

STEINWAY & SONS'
GOLD MEDAL GRAND AND SQUARE PIANOS are now considered the best in Europe as well as this country, having received the first Prize Medal at the World's Exhibition in London, 1862.

The principal reason why the Steinway Pianos are superior to all others, is, that the firm is composed of five practical pianoforte makers, (father and four sons,) who invent all their own improvements, and under whose personal supervision every part of the instrument is manufactured. Warerooms, Nos. 71 and 73 East 14th-st., between Union-square and Irving-place, New-York.

BRADBURY'S
GOLD MEDAL
NEW SCALE PIANO-FORTES,

after thorough and repeated tests by GOTTSCHALK, MASON, MILLS, SANDERSON, FRADEL, MORGAN, HELLER, TIMM, PATTERSON, and many others of the most competent judges, are pronounced "superior in power, purity, richness and quality of tone and thoroughness of workmanship." See their letter in my last circular. Seven First Premiums, including two Gold Medals, were received by Mr. Bradbury within four weeks, at the State fairs; and at the American Institute of 1863, "for the BEST PIANO-FORTE, A GOLD MEDAL." MASON & HAMLIN'S CABINET ORGANS FOR FAMILIES, CHURCHES AND SCHOOLS—Recognized by the musical profession as greatly superior to Harmoniums, Melodeons and all other small organs. [See our illustrated catalogue for explicit testimony to their superiority, from a majority of the most eminent organists in America.] Prices, $85 to $500 each.

CAUTION TO PURCHASERS.—The great reputation which our Cabinet Organs have obtained, and the extensive demand for them, have induced dealers to advertise, in some cases, quite different instruments as Cabinet Organs, and in others to represent to purchasers that Harmoniums and other reed organs are the same thing. This is not true. The excellence of our Cabinet Organs, which have given them their high reputation, are the result not merely of the superiority of their workmanship, but also, in large measure, of essential differences in construction, which, being patented, cannot be imitated by other makers. From these arise their better quality and volume of tone and unrivaled capacity for expression. Warerooms in New-York, No. 7 Mercer-st.

THE WAR IN KENTUCKY.

Additional Particulars of the Defeat of Morgan.

General Hobson and a Part of His Staff Recaptured.

Morgan With a Few Hundred of His Men Near Cynthiana.

LEXINGTON, Ky., Monday, June 13.

Capt. DICKSON telegraphs to Gen. CARRINGTON as follows:

"Gen. BURBRIDGE gave the rebels a total defeat at Cynthiana yesterday morning. The rebel loss is 300 killed and 400 prisoners, besides the wounded. Their force exceeded ours. MORGAN's command is divided and utterly demoralized. They are trying to get off in small squads. Cols. HANSON and GARRARD are pursuing. MORGAN, himself, with a few hundred men is northeast of Cynthiana. Gen. BURBRIDGE, with part of his force, has returned here."

A telegraph from Gov. BRAMLETTE to Gen. CARRINGTON, dated the 13th, P. M., says: "No rebels in force are moving toward Louisville."

A gentleman from Georgetown reports that a few hours after HOBSON's surrender at Cynthiana, Gen. BURBRIDGE attacked the enemy, killing and capturing half the force. The remainder fled in great confusion. Crossing the railroad yesterday at Paynesville we had repulsed the enemy before our reinforcements arrived, but felt insecure until their arrival.

SECOND DISPATCH.

LEXINGTON, Monday, June 13.

Capt. Dickson to Gen. Carrington:

Gen. BURBRIDGE is now here and reports the rebel force to be out of ammunition, and were scattered and utterly demoralized in the fight at Cynthiana.

A dispatch from Falmouth, Ky., this P. M., says after the Cynthiana defeat Gen. HOBSON and part of staff were sent under guard to Falmouth, but the whole were recaptured by a scouting party and are now at Falmouth.

Railroad Casualty.

PHILADELPHIA, Tuesday, June 14.

The 6 o'clock train from New-York had a collision last evening at Tyburn Cross Roads, two miles below Morrisville, on the Trenton road, with a wagon driven by JAMES MCILEEE. The cars were thrown from the track, and detained several hours, and arrived at Kensington at 4 o'clock this morning. MCILEEE was killed. The passengers escaped injury.

From Jamaica.

Jamaica papers up to June 2d, contain no news of importance. Heavy rains had fallen at St. John, Port Maria, and Kingston, doing considerable damage to vegetation.

The Rev. Matthias E. Willing to be Pastor of St. Paul's Church, Norfolk.

Correspondence of the New-York Times.

NORFOLK, VA., Monday, June 13, 1864.

The Rev. MATTHIAS E. WILLING, A. M., late Rector of the Church of the Atonement, in the City of New-York, has received a unanimous call from the Vestry of St. Paul's Church, Norfolk, to become the Rector of that church. The call has been accepted, and the reverend gentleman enters at once upon his duties, under very favorable auspices. It will be remembered that the Rev. Mr. WILLING, in October last, restored the prayer for the President of the United States and loyal religious services to Norfolk, in good old St. Paul's Church, under the military authority of that good man, Brig.-Gen. BARNES. He has been faithfully preaching the Gospel in this church ever since, and it is gratifying to know that unconditional Union men are most nobly sustaining him by their presence and their offerings.

The Hudson River Railroad Company.

ELECTION OF PRESIDENT—HANDSOME TESTIMONIAL TO SAMUEL SLOAN, ESQ.

At a meeting of the Board of Directors of the Hudson River Railroad Company, held at their office in this City, on the 5th of January last, it was, on motion of Mr. GRINNELL, unanimously

Resolved, That a committee be appointed to prepare a suitable service of plate to be presented to Mr. SLOAN, with a written testimonial of the appreciation which this board entertains of his valuable services to this company, and that a sum not exceeding seven thousand five hundred dollars be appropriated for that purpose.

Mr. GRINNELL, Mr. KELLY and Mr. L. W. JEROME were appointed such committee, and subsequently reported that they had discharged the duty assigned to them, and submitted the following correspondence on the subject:

NEW-YORK, May 25, 1864.

DEAR SIR: It affords us much pleasure to be the medium of conveying to you the subjoined resolution, recently adopted at a meeting of the Board of Directors of the Hudson River Railroad Company, and also the accompanying service of silver plate, which has been procured in pursuance of the purpose expressed in that resolution. In presenting to you these evidences of the appreciation which your associates in the board regard the valuable and important services which in your office of President you have for so many years rendered to the Hudson River Railroad Company, and of the unfeigned respect which they all entertain for you personally, permit us to add, that it is the unanimous sense of the board that to your energy and fidelity, and to your judgment and ability, it is mainly due that the financial and material concerns of the company have been brought to their present condition of prosperity and strength.

With sentiments of personal regard and esteem, we have the honor to be, very respectfully, your obedient servants,

(Signed) M. H. GRINNELL,
(Signed) WILLIAM KELLY,
(Signed) LEONARD W. JEROME,
Committee of Board of Directors of Hudson River Railroad Company.

To Samuel Sloan, Esq., President Hudson River Railroad Company.

MR. SLOAN'S REPLY.

PRESIDENT'S OFFICE, HUDSON RIVER RAILROAD COMPANY, NEW-YORK, May 26, 1864.

GENTLEMEN: I am in receipt of your kind and expressive letter of yesterday, with the "subjoined resolution recently adopted at a meeting of the Board of Directors of the Hudson River Railroad Company, and also the accompanying service of silver plate which has been procured in pursuance of the purpose expressed in that resolution."

I have been associated with most of you, gentlemen, some ten years in the management of this great and growing enterprise. During that period of its history it has passed through much opposition and many trials; it has conquered them all and now stands in a position never anticipated by its most sanguine projectors. To you, gentlemen, who have stood by the enterprise in its darkest hours, and have indorsed personally its obligations for millions of dollars (without compensation) is substantially due its present financial condition; and to your counsel and support am I this day indebted for the gratifying and extraordinary prosperity of this company under my more immediate superintendence. You have, in this truly elegant and munificent testimonial, sealed the sentiments of personal regard and esteem you have so long shown towards me.

You will also permit me to bear testimony to the valuable services rendered by our respected Superintendent, A. F. SMITH, ESQ. His great and rare mechanical skill has given most efficient aid in the management of this enterprise.

The other departments of the company have contributed at all times their earnest efforts for its best interests.

I shall ever highly prize the testimonial of the Board of Directors of the Hudson River Railroad Company, to whom convey my warmest gratitude and esteem.

Affectionately reciprocating your evidences of personal regard and esteem, I remain, gentlemen, respectfully, your obedient servant, SAM. SLOAN.

Hon. MOSES H. GRINNELL, Hon. WILLIAM KELLY and LEONARD W. JEROME, Committee of Board of Directors of Hudson River Railroad Company.

The new Board of Directors of the Hudson River Railroad Company assembled yesterday, and elected by an unanimous vote JOHN M. TOBIN, of New-York, President, and D. THOMAS VAIL, of Troy, Vice-President.

The following resolution was passed by the board:

Resolved, That Mr. CHARLICK, Mr. CLARK, and Mr. JEROME be a Committee to report to this board at an adjourned meeting, resolutions containing a suitable expression of the estimation and regard in which Mr. SLOAN, the late President of this company, is held by the board, and of their appreciation of the valuable services he has rendered to the company.

AN ELEGANT BOOK.—A little manual on the preparation of the "Skeleton Bouquet" has just appeared from the press of Messrs. J. E. TILTON & Co., who are becoming famous for their beautiful books. This is a practical treatise on the gathering, preparing and mounting of leaves, seed vessels and flowers, etc., illustrated in a charming style. The volume also contains directions for preserving natural flowers in all their fresh beauty. The volume itself is a work of art. It is called "Skeleton Leaves and Phantom Flowers."—*Boston Transcript.*

DEAFNESS AND CATARRH.

No. 28 FORSYTH-ST., NEW-YORK, Oct. 1, 1863.

Dr. Von Eisenberg:

DEAR SIR: Without recapitulating the numerous benefits I have received through your wonderful cure of the deafness I have labored under many years, the blessings I enjoy will convince the most skeptical.

I have tried many aurists, in Europe and America, without success. I was still deaf as a post.

Three years ago I entered your office, underwent one operation, hoping, yet doubting, I should receive any relief, but was agreeably disappointed in finding the genius of your profession.

The innate skill you possess cured my deafness in one almost painless operation.

The joy I experienced was indescribable; 'twas a new life to me.

My hearing is perfect to this day.

I strongly advise all who are suffering under a difficulty of hearing, or total deafness, to consult you immediately, as I also personally recommend all who apply to me. The numerous calls trespass on my time and patience, yet, remembering my own long, weary affliction causes me to pity them.

This is not written to advertise your well-known, unrivaled reputation—that would be peurile; but as a measure of precaution, to induce all to call on you at once, without troubling me; yet I do not refuse to see any one who comes to me. This is the only way I can show my gratitude.

I also call the attention of those who are suffering from Catarrh, which disease I have labored under one year or more.

I experienced difficulty in breathing, langour, heaviness over the eyes, a sense of tightness on the brain, and copious expectorations of a hard and viscid nature. Accompanying this is a "polypus," quite filling the right nostril. On the 25th ult. you operated on both, killing the polypus, which is gradually passing away, and giving me great relief from the Catarrh. One more operation will effectually cure.

This testimonial brings with it my unalloyed and grateful thanks, with but a poor delineation of your wondrous skill as an Aurist.

I am, Sir, yours very gratefully,
EDWARD TEMPLE HARRISON.

for successful treatment of Catarrh and Throat affection

FROM THE HOME JOURNAL, JUNE 4, 1864.

In every business or profession, indeed, in every department of science or skill, there is always some acknowledged head—some one who stands out in bold relief among his fellows, as a sort of leader. In the study and treatment of deafness and catarrh, as special diseases, Dr. E. B. LIGHTHILL, of this City, occupies just the position above described. He has devoted years of labor to this specialty, and is now reaping the reward of his industry. The editorial columns of the *Tribune*, of a recent date, bear witness to the doctor's success in this department of medicine. We quote the paragraph:

"CURE OF A DEAF MUTE.—Louis Loeweinstein, a lad 14 years of age, born in Germany, came to this City when he was about two years old. Soon after his arrival here he was taken sick and lost his hearing. By degrees he became first deaf, and then dumb. For nearly ten years he was a mute, unable to hear the loudest voice, or to articulate a word. About one year ago he was place by his parents in the hands of Dr. LIGHTHILL, who has so far succeeded in restoring to him his lost powers of hearing and utterance that he can converse with those who speak to him distinctly and deliberately. During the past four or five months he has been under the tuition of Mr. Bennecke, and has made considerable progress in reading and arithmetic."

Having been supplied with the lad's address, we further investigated the matter, and discovered that, previous to calling on Dr. LIGHTHILL, the youth's case was considered hopeless, and he was for two years an inmate of the Deaf and Dumb Asylum. The Rev. John Nott, D. D., Professor in Union College, Schenectady, in a published letter, tenders his gratitude to Dr. LIGHTHILL for treating successfully his case of deafness. Rev. Fred. S. Jewell, Professor of the State Normal School at Albany, also testifies to having been cured of catarrh. Dr. LIGHTHILL possesses other written testimonials and tributes to his talent from some of our wealthiest and most prominent and respected citizens, which may be seen on application. It would be difficult to speak in any but terms of praise of his treatment, in the face of these many proofs and facts testifying to his success.

CATARRH CURED.

FROM REV. FRED. S. JEWELL,
PROFESSOR OF THE STATE NORMAL SCHOOL, ALBANY, N. Y.

This may certify that I have been, since 1844, subject to violent periodical attacks of catarrh, marked by a highly inflamed condition of the lining membrane of the cavities of the head, producing a most distressing species of headache, for days at a time, wholly incapacitating me from business, and, during the paroxysms, confining me to the bed. In some instances the inflammation has extended to the teeth, occasioning toothache; to the throat, producing hoarseness and partial loss of voice; and twice it has so affected the left eye as to confine me for a month or more to a darkened room. These attacks have been accompanied by strong febrile symptoms; by stoppages of the head, and in the first stages by watery discharges from the nose, and subsequently becoming acrid and yellow, and, toward the close of the attack, becoming bloody and purulent. I have tried medicines of almost every kind; external applications to the head, such as camphor, ginger, hot vinegar, snuffs of some half dozen kinds, and other catarrhal preparations, together with internal remedies, such as alteratives, cathartics and emetics. These have produced no change in the occurrence or character of the disease, and, in no cases with little or no temporary relief. I had come, at length, to believe the disease to be practically beyond either cure or material alleviation.

Under these circumstances, I was led, some five months ago, to make a trial of Dr. Lighthill's treatment. His method at once approved itself to my judgment as simple, philosophical, and likely to be effective. Notwithstanding the disadvantages under which he labored in dealing with a disease of such long standing, aggravated by nervous debility and dyspepsia, and constantly induced by the accidents of my professional labor, I found the treatment reaching the disease as it had never been reached before, and producing such a modification and alleviation of its character as I had supposed impossible. I chronicle the result thus:

Although I have been situated several times so that I should formerly have believed a severe attack of my catarrh inevitable, I have escaped thus far; the symptoms of threatened attack have been very light, and have yielded to the remedies employed by Dr. Lighthill, without the need of recourse to the old hot fomentations or emetics, and the discharges from the head have resumed the original and natural condition. That I have been able to obtain so material a relief is to me a cause of gratitude. In that alone I am repaid for whatever the treatment may have cost me.

I make this statement unsolicited, as a means of acknowledging my obligations to Dr. Lighthill's method of treating catarrh, and with a view to aid any who may have suffered from that disease in forming a just opinion of its merits, and its probable utility in their own case.

FREDERICK S. JEWELL.

ALBANY, N. Y., March 14, 1864.

References to parties of the highest respectability residing in the City, who have been cured of Deafness Catarrh, &c., may be had on application.

CONSTITUTION
LIFE SYRUP,
COMPOSED OF
IODIDE POTASSIUM,
with the Compound Concentrated Fluid Extracts of
VALUABLE MEDICINAL
ROOTS AND HERBS,
PREPARED BY WM. H. GREGG, M. D.,
Graduate College of Physicians and Surgeons, N. Y., formerly Assistant Physician Blackwell's Island Hospitals, late Medical Inspector New-York State Volunteer Depots, under Gov. Edwin D. Morgan.

CONSTITUTION LIFE SYRUP
HAS PRODUCED
A REVOLUTION IN MEDICINE!

What may seem almost incredible, is, that many diseases hitherto considered hopelessly incurable, are frequently cured in a few days or weeks, and we cheerfully invite the investigations of the liberal-minded and scientific to cures which have no parallel at the present day.

Our medicine is peculiar; by it the seat of any disease is directly reached, and the equilibrium restored.

Those who have suffered long from painful and obstinate diseases.

Those who have vainly sought relief from advertised medicines,

Those who cannot be cured by other physicians—

ARE INVITED TO USE CONSTITUTION LIFE SYRUP.

During the past five years we have contended with obstacles and overcome opposition as herculean as were ever encountered by any reformers.

RAPIDITY OF CURE.

Some say, "Your cures are too quick," while others doubt their permanence, and think that diseases can only be cured by the "slow recuperative process of Nature."

This is our reply:

In health, the body, like a well-balanced scale, is in a state of equilibrium. But when from any cause down goes one side of the scale, we have the effects of disease. What is requisite is, to restore the normal balance of the scale.

CONSTITUTION LIFE SYRUP,

a positive and specific remedy for all diseases originally from an IMPURE STATE OF THE BLOOD, and for all (hereditary) DISEASES transmitted from PARENT TO CHILD.

PARALYSIS.

HEMIPLEGIA. PARESIS. PARAPLEGIA. PARALYSIS AGITANS.

It is so universally admitted that Constitution Life Syrup is the only effective means of restoration in the various forms of Paralysis, that we need not reiterate that it is emphatically the Great Life-giving Power.

DYSPEPSIA.

INDIGESTION. LIVER COMPLAINT. CONSTIPATION.
WEIGHT AT STOMACH. BILIOUSNESS. WANT OF APPETITE.
FLATULENCE. BAD BREATH.

SCROFULA.

STRUMA. GLANDULAR SWELLINGS. ULCERATION,
KING'S EVIL, ERYSIPELAS, SALT RHEUM.

This taint (HEREDITARY and ACQUIRED), filling life with untold misery, is by all usual medical remedies incurable.

RHEUMATISM.

[ARTHRITIS.] NEURALGIA. TIC DOULOUREUX.
LUMBAGO. SCIATICA. GOUT.

If there is any disease in which the Constitution Life Syrup is a sovereign, it is in Rheumatism and its kindred affections. The most intense pains are almost instantly alleviated—enormous swellings are reduced. Cases, chronic or vicarious, of 20 or 30 years' standing, have been cured by us.

NERVOUSNESS.

NERVOUS DEBILITY, SHATTERED NERVES,
LOSS OF POWER. CONFUSION OF THOUGHTS.
ST. VITUS' DANCE. EPILEPSY.

Thousands who have suffered for years will bless the day on which they read these lines. Particularly to weak, suffering woman will this medicine prove an inestimable blessing—directing their footsteps to a Hope which fulfills more than it promises.

MERCURIAL DISEASES.

SALIVATION. ROTTING OF BONES.
BAD COMPLEXION. ACHES IN BONES.
FEELING OF WEARINESS. DEPRESSION OF SPIRITS.

CONSTITUTION LIFE SYRUP purges the system entirely from all the evil effects of MERCURY, removing the Bad Breath, and curing the Weak Joints and Rheumatic Pains which the use of Calomel is sure to produce. It hardens Spongy Gums and secures the Teeth as firmly as ever.

CONSTITUTION LIFE SYRUP

eradicates, root and branch, all Eruptive Diseases of the Skin, like

ULCERS, PIMPLES, BLOTCHES,

and all other difficulties of this kind, which so much disfigure the outward appearance of both males and females, often making them a disgusting object to themselves and their friends.

CONSTITUTION LIFE SYRUP
CURES ALL SWELLING OF THE GLANDS,

either of the Face, Neck, or Female Breast, and should be taken as soon as the swelling is detected, thus preventing their breaking, and producing troublesome Discharging Sores, which disfigure so many of the younger portion of the community, from six to twenty years of age. Young children are very subject to Discharges from the Ears, which depends upon a Scrofulous constitution. These cases soon recover by taking a few doses of the Life Syrup.

All scrofulous persons suffering from general Debility, Emaciation, Dyspepsia and Dropsy of the limbs, abdomen, and in the female, Dropsy of the ovaries and womb, generally accompanied with Inflammation and Ulceration of the Uterus, are permanently cured by Constitution Life Syrup. The disease known as Goitre or Swelled Neck, the Life Syrup will remove entirely. The remedy should be taken for some time, as the disease is exceedingly chronic and stubborn, and will not be removed without extra effort.

Tumors of the Ovaries, Tumors of the Breast, and swelling of other glands of the body, will be completely reduced without resorting to the knife, or operations of any kind.

Epileptic Fits, Sympathetic or Organic Diseases of the Heart, as palpitation, Disease of the Valves, producing a grating or filing sound, Dropsy of the Heart Case and all the affections of this important organ, (persons suffering from any acute pain in this region of the heart) will be greatly relieved by Constitution Life Syrup.

BROKEN-DOWN AND DELICATE CONSTITUTIONS, SUFFERING FROM INDISPOSITION TO EXERTION, PAIN IN THE BACK, LOSS OF MEMORY, FOREBODINGS, HORROR OF CALAMITY, FEAR OF DISEASE, DIMNESS OF VISION, DRY, HOT SKIN AND EXTREMITIES, WANT OF SLEEP, RESTLESSNESS, PALE, HAGGARD COUNTENANCE, AND LASSITUDE OF THE MUSCULAR SYSTEM, all require the aid of the CONSTITUTION LIFE SYRUP.

FOR ALL FORMS OF
ULCERATIVE DISEASES,

either of the NOSE, THROAT, TONGUE, SPINE, FOREHEAD OR SCALP, no remedy has ever proved its equal.

MOTH PATCHES upon the female face, depending upon a diseased action of the Liver, are very unpleasant to the young wife and mother. A few bottles of Constitution Life Syrup will correct the secretion, and remove the deposit, which is directly under the skin.

In Diseases of the Liver, giving rise to Languor, Dizziness, Indigestion, Weak Stomach, or an ulcerated or cancerous condition of that organ, accompanied with burning or other unpleasant symptoms, will be relieved by the use of CONSTITUTION LIFE SYRUP.

☞ AS A GENERAL BLOOD-PURIFYING AGENT, THE LIFE SYRUP STANDS UNRIVALED BY ANY PREPARATION IN THE WORLD.

Diseases of the Spine, as usually developed in the young, Hip Disease, Neuralgia, and all nervous diseases, and ladies who are suffering from diseases for which they are at a loss to know what to do, we would advise the use of CONSTITUTION LIFE SYRUP. It will restore their pallid countenance, strengthen their weak back and side, give them new energy, new life and happiness.

THE RICH AND POOR

are liable to the same diseases. Nature and science has made the Constitution Life Syrup for the benefit of all.

PURE BLOOD

produces healthy men and women; and if the constitution is neglected in youth, disease and early death is the result. Do not delay when the means are so near at hand, and within the reach of all.

TO MOTHERS AND MARRIED LADIES.

It is the safest and most effectual medicine ever discovered for purifying the system, and relieving the suffering attendant upon childbirth. It strengthens both the mother and the child, prevents pain and disease, and increases and enriches the food. Those who have used it think it indispensable. It is highly useful, both before and after confinement, as it prevents disease attendant upon childbirth.

CONSTITUTION LIFE SYRUP

is the poor man's friend and the rich man's blessing.

Buy it, take it, and be cured.

IT IS UNIVERSAL IN ITS EFFECTS.
